MAY CONSIDER CLOSING SOME SMALL SCHOOLS

School directors in districts in this county which have one-room rural schools with a prospective enrollment of 15 or less pupils will be invited to discuss with the county board of school directors the advisability of closing such schools.

The county school board at its July session Monday evening considered taking action to recommend to local school districts that low enrollment schools be closed but finally directed the county superintendent to make a further study of the matter and to invite directors with schools facing the prospect of an enrollment of 15 or less next year to meet with the county board to talk over management problems involved.

Cost of Operation

This statement concerning the low-enrollment school was included on the agenda for the meeting handed each county board member as the meeting opened:

"It costs about \$1,700 a year to operate a one-room school including the \$200 appropriation offered by the state for a closed school. If 10 pupils are enrolled it would cost \$170 to educate a boy or girl in such a school. If the enrollment were 15 pupils the cost of education would amount to \$113.33 per pupil per year.

"The high school tuition in Adams county ranged from \$54.72 (East Berlin) to \$95.94 (Biglerville) per pupil for the school year 1943-1944. Therefore, it is very costly to operate these small one-room schools.

"To close some of these small one-room schools will help the shortage of teachers in Adams county for the school year 1944-45. Several of the school districts in Adams county could close schools without setting up any more transportation routes in order to transport children from closed schools."

Pupils from closed school could be transported to other schools in the district or to more convenient schools in a nearby district, the county schoolmen pointed out.

Junior High

The general discussion centering about the rural school problem, brought from several members of the board the expression of the hope that soon some district, possibly Gettysburg, would provide adequate junior high school facilities so that seventh and eighth grade pupils might be transported from surrounding rural districts. There would be many financial and educational advantages to all concerned, it was pointed out.

The economies that would be possible if all non-high school districts in the county would provide transportation for their high school pupils were pointed out as the board approved high school transportation routes and contracts for Cumberland township.

School Budgets

If all townships would provide transportation the routes could be laid out more efficiently and the number of buses and the mileage would be reduced below the figure in effect when the transportation problem is handled by single townships, it was said.

MELVIN OYLER IS WOUNDED

Pvt. Melvin P. Oyster, 20-year-old son of Mr. and Mrs. Lester Oyster, 141 Hanover street, was wounded in France July 11 according to information received by his parents.

Official announcement came Monday morning in the form of a Purple Heart award which was sent to his parents by the War Department.

The Oylers received a letter from their son Monday afternoon revealing that he was recovering in a hospital in France. The nature of his wound was not indicated.

Pvt. Oyster entered the armed forces in August, 1942, and received his basic training at Ft. Knox, Ky. He went overseas in February, 1943, and served in the African and Sicilian invasions before being transferred to England to participate in the invasion of France.

In a recent letter he reported he is receiving The Gettysburg Times regularly.

Ex-Carrier In Action

Staff Sergeant Joseph P. Slonaker, son of Mr. and Mrs. Frank Slonaker, Breckenridge street, is shown in the picture facing right, serving with the Ninth Air Force Command Unit, somewhere in the European Theatre of Operations. He was recently promoted to Staff Sergeant. Serving in the same company with him are two soldiers from nearby communities, First Sergeant Robert W. Chronister (center), of Hanover, and Private Guy E. Frock (left), of Westminster. Sergeant Slonaker was a former carrier for The Gettysburg Times.

Boy Seriously Ill With Meningitis

Stanley Wilfred Stover, Jr., 11-year-old son of Mr. and Mrs. Stanley Stover of Littlestown, is "very seriously" ill in the Warner hospital with a type of meningitis, it was disclosed today. The boy has been a patient there since last Thursday when his case was first diagnosed by his physician, Dr. Donald Coover of Littlestown.

The case is said to be "probably not a cerebro-spinal" type of meningitis. The Stover home is under quarantine. This is the third case of meningitis in Littlestown in several months. The two other cases ended in complete recovery.

Ten-year-old Paul Aumen of Hanover, son of Mr. and Mrs. Paul Aumen, is ill at his home there with cerebro-spinal meningitis but is said to be not in a serious condition. He was taken ill last Friday.

Because both of the victims had attended camp sessions at Camp Nawakwa two weeks ago, Dr. C. G. Crist, county medical director, sent William I. Shields, county health officer, to the camp Monday for a thorough investigation. The camp schedule has not been altered and no special regulations have been imposed.

20 VOLUNTEERS ARE ADDED TO PLASMA ROSTER

With 20 new volunteer donors on the list, appointment cards were mailed Monday afternoon to 270 counsellors for the July Blood Donor Day in Gettysburg—next Monday.

From that group who have been asked to make good on their offer to give a pint of blood to save the life of a fighting Yankee on world battlefronts, the Blood Donor Service committee of the county Red Cross chapter hopes to get not less than 160 pints of blood.

The appointments run from noon to 4:30 p. m., with the committee repeating its regular request that persons who find they will be unable to keep their appointments notify Radford Lippy, Blood Donor Service chairman, at the earliest possible time so that substitutes may be called in.

Seek More Donors

The 20 new volunteers are not enough, the committee pointed out and renewed the appeal for new donors to keep Adams county's contribution to the national Red Cross blood quota up to the level of 160 pints per month.

That quota was not met last month when absentees cut the total to 122 pints while two more donors joined the Gallion Club. More than 2,000 pints of blood now have been received during the monthly visits of the mobile unit from Harrisburg at the local station in the basement of the College Lutheran church.

Local nurses and nurses' aides and Red Cross staff assistants again will be on duty here next Monday. Ladies of the Reformed church will serve in the dining room while College Lutheran church women will be on duty in the kitchen.

Wanted: Boy 14 years of age for Bicycle Route, \$2.00 per week salary. No collecting permanent job for energetic boy. Harry Harris, Gettysburg Times.

CPL. M. TOPPER IS WOUNDED IN PACIFIC AREA

Corporal Merrill R. Topper, United States Marine Corps, son of Mr. and Mrs. Walter Topper, Mr. Pleasant township, has been wounded in action somewhere in the Pacific theatre of operations.

News of the wounding of the county Marine was revealed in a letter the young man wrote to Miss Betty Hauer, Fairfield road. No official word has been received from the Navy Department. The youth did not reveal the nature of his wounds, the extent of his injuries or in what action he was wounded. He did say, however, that he was "getting along alright" and that the food was good.

In a recent letter to his parents he praised the Red Cross for their work in the war zones. He said that they "are doing a swell job here. Besides cigarettes, toilet articles, etc., they also gave me a pair of civilian trousers. Now my buddies call me 4-4." He did not say why he was given civilian trousers.

Enlisted In 1942

Corporal Topper is at a Navy hospital and he is expected to be returned to this country.

The county youth, who is 22 years of age, enlisted in the Marines August 18, 1942. He received his basic training at Parris Island, South Carolina, Camp Lejeune, N. C. and Camp Pendleton, California. At one time he was with the 4th Division of Marines in which were the Thompson cousins, sons of Mr. and Mrs. Robert Thompson, McKnightstown and Mr. and Mrs. Earl Thompson, Carlisle street.

Prior to his enlistment he was employed at the Delecto here, later in York and then was transferred to Lancaster where he was an assistant manager. He enlisted in Lancaster.

Mr. Collins indicated that local labor will play a most important role in harvesting what promises to be a bumper peach crop as it did in the cherry harvest. Farmers generally were much blessed with the services of the high school boys and girls at the three labor camps set up in the county but it was the unexpected volume of local workers that turned the tide and enabled the growers to harvest their cherries, he said.

Apple Crop Hurt

He said that during the last week growers have been reporting diminishing prospects on the apple crop and present indications are that the apple harvest may not present as great labor demands as was once anticipated.

The county will continue to benefit by help from the Jamaican camp at Old Forge in Franklin county, he said. That camp is to be maintained continuously throughout the harvest season until November 1, he reported.

Mr. Collins described the general operating plan of the Emergency Farm Labor setup with the camps being financed by federal farm labor funds above the sum deducted from the workers' pay for their own board. Daily transportation to and from the orchards or farms is provided by the farmers or fruitgrowers involved, he explained.

Joint Session

President J. Milton Bender presided at the meeting and named Lions Ralph Z. Oyster, Glenn L. Bream and James Shank to an auditing committee.

It was announced that next Monday evening the Rotary and Lions clubs will hold a joint meeting at the Gettysburg Water Works with the scout committee of the two clubs in charge of the program and refreshments.

Suspend Sentence For Mother Of Two

Mrs. Marie E. Bowers Arter, Littlestown, who admitted by her plea of guilty last week that she was implicated with Francis Hartlaub and John Arentz, Jr., Hanover R. D. 1, in robbing a gasoline and service station in Penn township, was sentenced Monday morning to six months in jail. The sentence, pronounced in the county court at York, was suspended on condition she report regularly to the probation officer and behave well in the future.

Hartlaub and Arentz were ordered last week to be confined to the White Hill Industrial school, near Harrisburg, for their part in the robbery.

Mrs. Arter, whose husband is in the Army, is 22 and the mother of two children.

Pvt. Robert Hilty Wounded In France

Pvt. Robert Francis Hilty, son of Mrs. Elizabeth Hilty, 223 High street, who was wounded in France between July 4 and 10, letters received here have revealed. He writes that he "got a slug through the arm" and is now in a hospital in England.

Private Hilty serves with the infantry. He has been in the service for 18 months and went overseas in May, 1943.

Here And There News Collected At Random

All was quiet in the composing room of The Gettysburg Times Monday afternoon at 3:15 o'clock. Seven typewriter machines were stilled. Motors of small presses whirled to a stop. In the pressroom the large newspaper press drone to a halt. Huge automatic job presses were turned off. The staffs in the editorial room, business, job and advertising offices and proof-reading room left their desks. All the workers assembled around a large steel-topped make-up table part of which was covered by a clean sheet of newspaper paper, the four corners weighted down with small pieces of lead. Just above a huge light glowed.

In that silence came the voice of Rev. Robert M. Hunt, pastor of the Gettysburg Presbyterian church, present to conduct memorial services for Horace Mann Bushman, one-time pressman for The Gettysburg Times, killed in action near Cherbourg.

Rev. Mr. Hunt read: Surely the saints you loved came To welcome you, that day in Normandy— Stephen, whose dying eyes beheld his Lord, Michael, a living blade of crystal flame, And all the flower of heavenly choir. Smiling upon you, calling you by name. Leaving your body like a broken sword You went with them—and now, beyond our sight, Still in the ranks of God you sing and fight. For death to you was one more victory.

It was Amelia Josephine Burr's tribute to the late Joyce Kilmer who was killed in France in the first world war. Rev. Mr. Hunt had substituted the word Normandy for Picardy.

There was a profound stillness throughout The Times plant. Business was at a standstill. Men with ink-stained clothes and hands, open-necked shirts and rolled up sleeves stood motionless. Women were visibly moved. Only the whirr of an electric fan broke the stillness of the pause that followed. Rev. Mr. Hunt continued.

He read selected passages from Holy Scriptures, from John and Matthew and the Romans. He spoke with a soft, clear, firm voice. Then he read the Twenty-third Psalm.

No one moved. Their thoughts, no doubt, drifted to that American cemetery near Cherbourg where all that was once mortal of Horace Mann "Bun" Bushman, their one-time associate worker, lies buried beneath a little white cross, a supreme sacrifice to the cause of free men throughout the world.

Rev. Mr. Hunt closed the service with a brief prayer, a prayer for peace and freedom, for justice and righteousness and for the cause for which Horace Mann Bushman gave his last full measure of devotion.

Countian Charged With Keeping Cows

Mrs. Roberta Anderson, Butler township, has charged Ernst Tharp, Gettysburg R. 5, near Bonnewille, with "fraudulently withholding" five cows worth \$975 which Mrs. Anderson says belong to her and her son. Tharp was arrested Monday evening by Constable George Hughes on a warrant issued by Justice of the Peace John H. Basehore.

Tharp waived a preliminary hearing and posted \$1,500 bail for his appearance in court.

OFFICER DIES OF WAR WOUNDS

Lt. Henry H. Brown, son of Stephen Brown, Steelton, died of wounds received in action in France on June 30 according to information received today.

The deceased was the husband of the former Jean Dietrich, Biglerville. Mrs. Brown is employed at the Gettysburg office of the nation board.

Lieutenant Brown was employed by the Bethlehem Steel company at Steelton before he entered the service as a private and took his basic training at Camp Wheeler, Ga. In the summer of 1942, he enrolled in Officer Candidate School at Fort Benning, Ga., and September 9 of the same year, he was commissioned a second lieutenant.

Before he was assigned overseas, the Steelton officer was stationed at Camp Howze, Texas.

In addition to his father, Lieutenant Brown is survived by his widow, Mrs. Jean D. Brown, Biglerville; two sisters, Elizabeth and Christine, at home; and three brothers in the Navy, Stephen, a cook, third class, overseas; John T., hospital apprentice, Camp Peary, Va.; and George P., gunner's mate, third class, Charleston, S. C.

Reds Are Nearing Warsaw

By DANIEL DE LUCE

Moscow, July 25 (AP)—Swift Russian columns paced by churning tanks, Kuban Cossacks and swarms of planes were less than 50 miles today from Warsaw after splitting German armies in the heart of Poland by capturing Lublin and Lukow.

The Russian drive over the dusty, unobstructed plains carried the Red Army 40 miles forward in 24 hours. More than 12 hours ago, they were on the approaches of Siedlce which the Germans said they had evacuated, 50 miles east of the Polish capital.

The Soviets were less than 20 miles from the Wisla (Vistula) river, which flows by Warsaw and forms the last natural barrier to Germany itself. A swift crossing of the Wisla would

outflank the Warsaw region and expose the garrison of the city of 1,265,700 to attack from the south.

German Silesia lies within 150 miles of advanced Russian forces which splashed across the San river.

Red pilots report scenes of panic around Warsaw, with roads choked with transport. The main frontal assault toward Warsaw was 50 miles wide and indications were that other army groups from the north-east Bug river and from captured Lublin were about to join in a co-ordinated assault on the capital, 319 miles from Berlin.

The fall of the rail city of Lublin was announced by Marshal Stalin in a special order of the day and shortly afterward a special communique was issued declaring that the Germans had lost 529,690 troops killed and captured since the Soviet summer offensive got under way June 23.

Since Marshal Rokossow's forces crossed the 1939-41 German-Polish border five days ago they have liberated over 9,000 square miles in their mighty drive toward the west.

Lublin was the scene of some of the most shocking incidents of the Germans anti-Semitic terror programs and formerly had a population of 115,000, of which 30 per cent were Jews.

Thundering west on the shortest road to Warsaw, columns of Soviet armor and mounted troops passed through Lukow in hot pursuit of shattered German rearguards, leaving behind them 560 populated places which they had freed from the Nazis.

Open New Drive In Normandy

By GLADWIN HILL

Supreme Headquarters Allied Expeditionary Force, July 25 (AP)—Supported by a massive armada of some 4,000 warplanes, the American and British armies burst forth at both ends of the 100-mile Normandy front today, and shaved the Germans backward in probably the greatest coordinated ground drive since D-Day.

Three thousand U. S. planes, including a record mission of 1,500 heavy bombers, smashed at the Germans opposing the new American offensive, location of which was not disclosed. Hundreds of other planes supported the British-Canadian push south of Caen. In quick

initial gains of more than a mile, British-Canadian tanks and infantry battling toward open tank country captured two towns, despite fierce resistance by at least two German SS armored divisions.

"Fighting continues very strenuously" on both the American and British sectors, supreme headquarters declared.

Throughout the day, headquarters kept secret all details of the American land drive. The U. S. First Army has been strung along a winding front from fallen St. Lo to Lessay on the west coast.

Berlin said the Americans attacked from the area northwest of St. Lo, and declared a small penetration had been sealed off.

The British Second Army, hammering along on a four-mile front

down the road to Falaise, captured St. Martin de Fontenay and Verrières and street fighting raged in May-sur-Orne. These towns are some five miles below Caen.

Fighting also swirled for the town of Tilly-la-Campagne. Front dispatches said there was savage, close-quarter fighting in indecisive battle after the British-Canadians cracked through the outer crust of German defenses and ran into a bristling series of anti-tank positions and machine-gun nests. The Germans threw in batches of tanks to hold their lines.

The British jumped off before dawn, and the American attack opened shortly before noon. Huge artillery barrages supported both drives.

The double offensive broke a four-day stalemate in France.

Allies Near Florence, Italy

By NOLAN NORGARD

Rome, July 25 (AP)—Steadily driving the Germans from one defensive position after another, Allied armies pushed within 10 miles of Florence and made limited gains elsewhere today along the Italian battlefield.

Official reports from the battle sectors said the tempo of the fighting had dwindled as the Germans gradually gave ground while preparing their defenses along the north bank of the Arno river between Florence and the west coast. However, a brisk fight developed east of San Miniato when the Germans launched two counter-attacks in an unsuccessful effort to prevent the Fifth Army from extending its lines eastward toward Florence.

American troops have cleared the enemy from the south side of the Arno along a sector from the west coast to a point within 18 miles of Florence.

The greatest threat to the Nazi defenders of Florence, however, was from the south. Fifth and Eighth Army units steadily drove the enemy back on an arc running southwest to southeast of the historic city.

British guardsmen fighting alongside South African troops gained the heights of Monte Domini, two miles from the town of Greve and 12 miles south and slightly east of Florence. Greve was found clear of enemy troops.

The Germans managed to stabilize the Adriatic front somewhat and brought up long-range cannon and shelled the port of Ancona but failed to prevent the continuation of the port repairs. Polish troops meanwhile brought up tanks for an assault on Ostia, 18 miles west of Ancona.

An official announcement today said the German 278th Division lost from 3,000 to 4,000 men killed, captured or wounded in the fighting between Pescara and Ancona.

As on Saipan, most of Guam's 15,000 civilians had out, pending the ending of fighting.

SAYS PRISONERS SOUGHT SEAPORT

The German prisoners that escaped from the Prisoner-of-War camp here on July 3 had hopes of reaching the seacoast for the purpose of boarding a neutral ship and making their way back to Germany through a neutral, Capt. Laurence Thomas, commander of the PW camp, told members of the Gettysburg Rotary club Monday evening at the organization's weekly dinner meeting at the YWCA.

The prisoners found the traffic so heavy on the highways they had hoped to use that they were forced under cover so often they decided after a week that there was no hope of reaching a seaport and gave themselves up to York police less than 30 miles from the scene of the escape.

Captain Thomas described the manner in which the PW camp is operated under the provisions of the Geneva convention and told of the setup under which the prisoners are made available for labor to help meet the acute farm labor shortage here and elsewhere in the state.

There were 39 Rotarians and five guests in attendance with President Walter Africa presiding.

Th high regard in which Sgt. LeRoy E. The letter, written by Mrs. Mary Cranstone, chief cook in a cafe where Aulhouse and other Yankee fliers are well known, explains that the Gettysburg man is specially remembered for his part in reviving Mrs. Cranstone's grandson "who was pulled out of the river and brought home nearly dead."

Aulhouse rubbed the little fellow's limbs and used artificial respiration until the child was fully revived. "So you see, I look on him as one of my sons," Mrs. Cranstone wrote.

She does not indicate whether she knew Sgt. Aulhouse is missing but remarks that she "has not seen him for some time" but expected to inquire about him from his buddies.

Just above a huge light glowed.

In that silence came the voice of Rev. Robert M. Hunt, pastor of the Gettysburg Presbyterian church, present to conduct memorial services for Horace Mann Bushman, one-time pressman for The Gettysburg Times, killed in action near Cherbourg.

Rev. Mr. Hunt read:
Surely the saints you loved came

To welcome you, that day in Normandy—
Stephen, whose dying eyes beheld his Lord,
Michael, a living blade of crystal flame,
And all the flower of heavenly chivalry.
Smiling upon you, calling you by name,
Leaving your body like a broken sword
You went with them—and now, beyond our sight,
Still in the ranks of God you sing and fight,
For death to you was one more victory.

It was Amelia Josephine Burr's tribute to the late Joyce Kilmer who was killed in France in the first world war. Rev. Mr. Hunt had substituted the word Normandy for Picardy.

There was a profound stillness throughout The Times plant. Business was at a standstill. Men with ink-stained clothes and hands, open-neck shirts and rolled up sleeves stood motionless. Women were visibly moved. Only the whirr of an electric fan broke the stillness of the pause that followed.

He read selected passages from Holy Scripture, from John and Matthew and the Romans. He spoke with a soft, clear, firm voice. Then he read the Twenty-third Psalm.

No one moved. Their thoughts, no doubt, drifted to that American cemetery near Cherbourg where all that was once mortal of Horace, Mann "Bush" Bushman, their one-time associate worker, lies buried beneath a little white cross, a supreme sacrifice to the cause of free men throughout the world.

Rev. Mr. Hunt closed the service with a brief prayer, a prayer for peace and freedom, for justice and righteousness and for the cause for which Horace Mann Bushman gave his last full measure of devotion.

Reds Are Nearing Warsaw

By DANIEL DE LUCE

Moscow, July 25 (AP)—Swift Russian columns paced by churning tanks, Kuban Cossacks and swarms of planes were less than 50 miles today from Warsaw after splitting German armies in the heart of Poland by capturing Lublin and Lukow.

The Russian drive over the dusty, unobstructed plains carried the Red Army 40 miles forward in 24 hours. More than 12 hours ago, they were on the approaches of Siedlce (which the Germans said they had evacuated), 50 miles east of the Polish capital.

The Soviets were less than 20 miles from the Wisla (Vistula) river, which flows by Warsaw and forms the last natural barrier to Germany itself. A swift crossing of the Wisla would

outflank the Warsaw region and expose the garrison of the city of 1,265,700 to attack from the south.

German Silesia lies within 150 miles of advanced Russian forces which splashed across the San river.

Red pilots report scenes of panic around Warsaw, with roads choked with transport. The main frontal assault toward Warsaw was 50 miles wide and indications were that other Army groups from the north-east Bug river and from captured Lublin were about to join in a co-ordinated assault on the capital, 319 miles from Berlin.

The fall of the rail city of Lublin was announced by Marshal Stalin in a special order of the day and shortly afterward a special communique was issued declaring that the Germans had lost 539,890

troops killed and captured since the Soviet summer offensive got under way June 23.

Since Marshal Rokossovsky's forces crossed the 1939-41 German-Polish border five days ago they have liberated over 9,000 square miles in their mighty drive toward the west.

Lublin was the scene of some of the most shocking incidents of the Germans anti-Semitic terror programs and formerly had a population of 115,000, of which 30 per cent were Jews.

Thundering west on the shortest road to Warsaw, columns of Soviet armor and mounted troops passed through Lukow in hot pursuit of shattered German rear guards, leaving behind them 500 populated places which they had freed from the Nazis.

Open New Drive In Normandy

By GLADWIN HILL

Supreme Headquarters Allied Expeditionary Force, July 25 (AP)—Supported by a massive armada of some 4,000 warplanes, the American and British armies burst forth at both ends of the 100-mile Normandy front today, and shoved the Germans backward in probably the greatest coordinated ground drive since D-Day.

Three thousand U. S. planes, including a record mission of 1,500 heavy bombers, smashed at the Germans opposing the new American offensive, location of which was not disclosed.

Hundreds of other planes supported the British - Canadian push south of Caen. In quick

initial gains of more than a mile, British-Canadian tanks and infantry battling toward open tank country captured two towns, despite fierce resistance by at least two German SS Armored divisions.

"Fighting continues very strenuously" on both the American and British sectors, supreme headquarters declared.

Throughout the day, headquarters kept secret all details of the American land drive. The U. S. First Army has been strung along a winding front from fallen St. Lo to Lessay on the west coast.

(Berlin said the Americans attacked from the area northwest of St. Lo, and declared a small penetration had been sealed off.)

The British Second Army, hammering along on a four-mile front

down the road to Falaise, captured St. Martin de Fontenay and Verrieres and street fighting raged in May-sur-Orne. These towns are some five miles below Caen.

Fighting also swirled for the town of Tilly-la-Campagne. Front dispatches said there was savage, close-quarter fighting in indecisive battle after the British-Canadians cracked through the outer crust of German defenses and ran into a bristling series of anti-tank positions and machine-gun nests. The Germans threw in batches of tanks to hold their lines.

The British jumped off before dawn, and the American attack opened shortly before noon. Huge artillery barrages supported both drives.

The double offensive broke a four-day stalemate in France.

Allies Near Florence, Italy

By NOLAND NORGAARD

Rome, July 25 (AP)—Steadily driving the Germans from one defensive position after another, Allied armies pushed within 10 miles of Florence and made limited gains elsewhere today along the Italian battlefront.

Official reports from the battle sectors said the tempo of the fighting had dwindled as the Germans gradually gave ground while preparing their defenses along the north bank of the Arno river between Florence and the west coast. However, a brisk fight developed east of San Miniato when the Germans launched two counter-attacks in an unsuccessful effort to prevent the Fifth Army from extending its lines eastward toward Florence.

American troops have cleared the enemy from the south side of the Arno along a sector from the west coast to a point within 18 miles of Florence.

The greatest threat to the Nazi defenders of Florence, however, was from the south. Fifth and Eighth Army units steadily drove the enemy back on an arc running southwest to southeast of the historic city.

British guardsmen fighting alongside South African troops gained the heights of Monte Domini, two

miles from the town of Greve and 12 miles south and slightly east of Florence. Greve was found clear of enemy troops.

The Germans managed to stabilize the Adriatic front somewhat and brought up long-range cannon and shelled the port of Ancona but failed to prevent the continuation of the port repairs. Polish troops meanwhile brought up tanks for an assault on Ostra, 18 miles west of Ancona.

An official announcement today said the German 278th Division lost from 3,000 to 4,000 men killed, captured or wounded in the fighting between Pescara and Ancona.

LOLLAR KINGPIN Laurels Stretch FOR ORIOLES Lead In Eastern

Baltimore, July 24 (AP)—Baltimore's high-flying Orioles, battling for their first International League pennant in 19 years, can thank a hard-working 19-year-old 4-F rookie Arkansas catcher for a lot of the stuff that is feathering the Birds' nest.

He is Sherm Lollar, one of the finest major league backstop prospects in the minors, and a youngster that many big time scouts are writing home about.

The Fayetteville, Ark., lad, who never played professional ball until he came here late in 1943 to catch 12 games with the Birds, almost single-handedly clinched Baltimore's double victory over Toronto yesterday when he rifled four line-drive home runs into the left field stands. He clouted two in each game, his final blast coming with two aboard in the ninth.

But Lollar's value isn't so much in stickwork—his average is only about .245—as in steady, dependable work behind the plate.

League-leading Baltimore has played 93 games to date, and the team, which is "workhorse" record and has caught 31 doubleheaders in any league.

(By The Associated Press)

Hartford Laurels stretched their Eastern league lead to eight games yesterday, defeating the Wilkes-Barre Barons twice, 8 to 4 and 3 to 2, while the second place Albany Senators lost two to the tail-end Scranton Red Sox, 6 to 2 and 11 to 4.

The Laurels had to go 10 innings to win a scheduled seven-inning nightcap, after winning the opener behind Pete Niekirk's steady hurling.

The Utica Blue Sox copped a pair from the Elmira Pioneers, 7 to 4 and 4 to 6, the Binghamton Triplets stopped the Williamsport Grays 3 to 2 and 10 to 3. Utica's double win gave the club 12 victories in the last 14 starts.

Pittsburgh, July 24 (AP)—Frankie Wilks of Washington, D. C., who has fought several of the Nation's first division water-weights and who holds a decision over Al "Bummy" Davis, will try tonight to halt the victory string of Dee Bee Wright, Clariton, Pa., high school boy, in a ten-round main event at Hickory Park.

RADIO PROGRAMS

New York, July 24 (AP)—Television as "one of the fastest-growing of all post-war industries," with a peep-time potential audience, comprising half the population of the United States, is in prospect, a spokesman of the radio industry says.

James H. Carmine, Philco vice president, declared: "After television standards have been set by the Federal Communications commission, every major city in the U. S. will have a television station just as quickly as transmitter deliveries can be made after the war."

Carmine thought table model receivers would be available as low as \$125, with projection type sets with larger screens running up to \$400.

Falcons Capture Pony Doubleheader

Buffalo, N. Y., July 24 (AP)—The Jamestown Falcons took both ends of a Pony league doubleheader with Hornell yesterday, snowing the Pirates under 1-0 in the opener and following through with a 6-2 victory in the nightcap.

The Lockport Cubs split the day's other double bill with the Olean Oilers. Lockport won the opener 4-2 but in the second game Olean staged a comeback which netted 15 hits and 10 runs for a 10-1 victory.

Wellsville trounced the Erie Sailors 10-6 after overcoming a two-run lead which Erie gained in the first inning. Neither team scored a tally after the sixth.

CUB STAR HITS 4 HOMERS IN SUNDAY GAMES

By JOE REICHLER

Associated Press Sports Writer

Bill Nicholson, Chicago Cubs' greatest slugging outfielder since Hack Wilson, may become the first player in National league history to head the circuit in home runs and runs-batted-in for two successive years.

The husky former Washington college (Maryland) football star hit four home runs and drove in seven runs to take over or share in the leadership in both departments, as the Cubs and the New York Giants divided a double header yesterday, the Cubs winning the opener 7-4 and the Giants the nightcap, 12-10.

Nicholson's four homers in a twin-bill tied a major league record and placed him in a tie with Mel Ott of the Giants for the league lead with 21 each. It also gave Nick six homers in four games, tying another National league mark, held by four players.

Leads in RBI's

Big Bill's seven RBI's gives him a total of 64, tops in the majors. He led the senior circuit last year with 29 home runs and 128 runs batted in. Only Rogers Hornsby of the St. Louis Cardinals in 1922 and 23, and Chuck Klein of the Philadelphia Phillies in 1931 and '33, ever led the loop in homers and runs-batted-in for two years, though neither led for successive years.

In addition, Nicholson made six hits and scored six runs to climb above the 300 mark for the first time this season.

Each club tied a loop record when both the Giants and the Cubs used seven pitchers in the wild and wooly second game. The total of 14 hurlers is a new major league record, displacing the old one of 12 set by the Cubs and Cincinnati in an 18-inning game during 1942.

The league-leading St. Louis Browns bounded back after a 12-1 lacing, to defeat the Boston Red Sox 9-3 in the second game, aided by Vernon Stephens' grand slam home run in the fourth inning. In the opener, Tex Hughson joined Detroit's Hal Newhouser as the only 15-game winners in the American league by holding the Browns to six hits.

Cards Take Two

The St. Louis Cardinals increased their first place lead to 13 games by sweeping a double header from the Boston Braves, 3-2 and 5-2. All three Cardinals' runs in the opener were unearned. Big Mort Cooper won his 12th victory in the nightcap.

Two streaks were snapped when the Philadelphia Athletics took both games from the Detroit Tigers, 13-3 and 3-2. It marked the end of the Mackman's eight-game losing streak, and snapped the Tigers' winning skein at six. The double loss dropped the Tigers into fifth place.

Brooklyn sank deeper into the National league cellar by dropping both games of a twin bill to the Pittsburgh Pirates, 7-5 and 9-4 in 11 innings. It marked the Dodgers' fifth, straight loss, and their 21st in the last 23 games. The Pirates won the opener when Babe Dahlgren spearheaded a three-run ninth inning attack with a two-run triple. A fire-run outburst, highlighted by Vince DiMaggio's three-run homer in the 11th inning, won the nightcap.

Yanks Divide

The New York Yankees and the Chicago White Sox divided their two games, the Yankees winning the opener 7-6, and the Sox taking the second game 10-6. Johnny Lindell of the Yanks homered in the first game and Ralph Hodgins of the pale hose started with four hits in the second one.

The Phillies continued their jinx over Bucy Walters of the Reds when they knocked him out of the box and overcame a six-run deficit to win the opener 7-6. Walters has beaten the Phillies only nine times in his seven years with the Reds. Cincinnati won the second game 2-1, when Catcher Ray Mueller homered in the seventh with one on.

Cleveland went over the 300 mark for the first time since May 11 by taking both games from the Washington Senators, 4-3 and 9-5, to move into fourth place. The Indians were helped by five double plays, four in the nightcap.

M'SPADEN IS '44 OPEN CHAMP

Salt Lake City, July 24 (AP)—Harold "Jug" McSpaden of Philadelphia is the 1944 open champion and he owes it in his own words—to a putter that he handled with a "mother's kiss."

McSpaden shot a record-shattering third-round 63 yesterday on the 6,575 yard par 72 Port Douglas course, rated the toughest in Utah.

The Jug won the \$2,500 tournament with a 271, two strokes under Byron Nelson of Toledo, Ohio, and another record.

At the end of 36 holes, Nelson had a 67-65—132 and McSpaden a 69-67—135. But Nelson's lead melted when McSpaden's putter ignited.

McSpaden's 63 was two strokes under the competitive course record of 65 set several years ago by Tee Branca, then home pro. His 271 total, 17 strokes under par for the 72 holes, was two under the Utah open record set in 1936 by George Schneider of Salt Lake City at the country club.

On his record-smashing round, he scored the first nine holes in 31, four under par. He returned in 32, five under.

New Pro Grid League To Start Next Year

Philadelphia, July 24 (AP)—The newly-organized United States professional football league which plans teams in major cities between New York and Honolulu will begin operating next year the club disclosed in announcing tentative plans for a 12-team circuit with eastern and western divisions.

Conferees, meeting here yesterday, granted certificates to Philadelphia, Baltimore, New York, Boston, Akron, Pittsburgh, Chicago, Cincinnati, St. Louis and Honolulu.

Acting chairman Roland D. Payne of Pittsburgh said:

"We're in competition, but not opposition with the National football league for players. There's enough business in pro-football for everybody. We'll be glad to sit down and talk things over with the National league."

YORK LAGS IN 2ND PLACE RACE

(By The Associated Press)

The Allentown Cardinals and the York White Roses, which have been consistently dogging each other's heels for third place in the interstate baseball league have moved the competition up into the battle for second place with York trailing Allentown by a scant half-game.

Allentown split a doubleheader with Lancaster on the latter's field yesterday with fifth place Lancaster winning the nightcap 3-2 after losing the opener 10-8.

Owls Snap Streak

The Hagerstown Owls, former league leaders, snapped a 12-game losing streak which carried them down into fourth place, by beating York's White Roses 4-2 in an abbreviated nightcap after dropping the opener 12-5.

The current league-leading Wilmington Blue Rocks split a twin-bill with last-place Trenton, taking the eight-inning nightcap 2-1 after dropping the opener 5-0 to Trenton.

Trenton's Harry Petty shutout the Rocks in the opener after giving up six hits, while George Esstock was nipped for nine hits by Trenton.

Tonight's games: York at Hagerstown, Allentown at Lancaster and Trenton at Wilmington.

MAY CONSIDER CLOSING SOME SMALL SCHOOLS

School directors in districts in this county which have one-room rural schools with a prospective enrollment of 15 or less pupils will be invited to discuss with the county board of school directors the advisability of closing such schools.

The county school board at its July session Monday evening considered taking action to recommend to local school districts that low enrollment schools be closed but finally directed the county superintendent to make a further study of the matter and to invite directors with schools facing the prospect of an enrollment of 15 or less next year to meet with the county board to talk over management problems involved.

Cost of Operation
This statement concerning the low-enrollment school was included on the agenda for the meeting handed each county board member as the meeting opened:

"It costs about \$1,700 a year to operate a one-room school including the \$200 appropriation offered by the state for a closed school. If 10 pupils are enrolled it would cost \$170 to educate a boy or girl in such a school. If the enrollment were 15 pupils the cost of education would amount to \$113.33 per pupil per year.

"The high-school tuition in Adams county ranged from \$54.72 (East Berlin) to \$95.94 (Biglerville) per pupil for the school year 1943-1944. Therefore, it is very costly to operate these small one-room schools.

"To close some of these small one-room schools will help the shortage of teachers in Adams county for the school year 1944-45. Several of the school districts in Adams county could close schools without setting up any more transportation routes in order to transport children from closed schools."

Pupils from closed school could be transported to other schools in the district or to more convenient schools in a nearby district, the county schoolmen pointed out.

Junior High
The general discussion centering about the rural school problem brought from several members of the board the expression of the hope that soon some district, possibly Gettysburg, would provide adequate junior high school facilities so that seventh and eighth grade pupils might be transported from surrounding rural districts. There would be many financial and educational advantages to all concerned, it was pointed out.

The economies that would be possible if all non-high school districts in the county would provide transportation for their high school pupils were pointed out as the board approved high school transportation routes and contracts for Cumberland township.

School Budgets
If all townships would provide transportation the routes could be laid out more efficiently and the number of buses and the mileage would be reduced below the figure in effect when the transportation problem is handled by single townships, it was said.

Cumberland township has voted. (Please Turn to Page 2)

MELVIN OYLER IS WOUNDED

Pvt. Melvin P. Oyster, 20-year-old son of Mr. and Mrs. Lester Oyster, 141 Hanover street, was wounded in France July 11 according to information received by his parents.

Official announcement came Monday morning in the form of a Purple Heart award which was sent to his parents by the War Department.

The Oylers received a letter from their son Monday afternoon revealing that he was recovering in a hospital in France. The nature of his wound was not indicated.

Pvt. Oyster entered the armed forces in August, 1942, and received his basic training at Ft. Knox, Ky. He went overseas in February, 1943, and served in the African and Sicilian invasions before being transferred to England to participate in the invasion of France.

In a recent letter he reported he is receiving The Gettysburg Times regularly.

Radio service, Baker's Battery Service.

Ex-Carrier In Action

Staff Sergeant Joseph F. Slonaker, son of Mr. and Mrs. Frank Slonaker, Breckenridge street, is shown in the picture below, right, serving with the Ninth Air Force Command Unit, somewhere in the European Theatre of Operations. He was recently promoted to Staff Sergeant. Serving in the same company with him are two soldiers from nearby communities, First Sergeant Robert W. Chronister (center), of Hanover, and Private Guy E. Frock (left), of Westminster. Sergeant Slonaker was a former carrier for The Gettysburg Times.

Boy Seriously Ill With Meningitis

Stanley Wilfred Stover, Jr., 11-year-old son of Mr. and Mrs. Stanley Stover of Littlestown, is "very seriously" ill in the Warner hospital with a type of meningitis, it was disclosed today. The boy has been a patient there since last Thursday when his case was first diagnosed by his physician, Dr. Donald Coover of Littlestown.

The case is said to be "probably not a cerebro-spinal" type of meningitis. The Stover home is under quarantine. This is the third case of meningitis in Littlestown in several months. The two other cases ended in complete recovery.

Ten-year-old Paul Aumen of Hanover, son of Mr. and Mrs. Paul Aumen, is ill at his home there with cerebro-spinal meningitis but is said to be not in a serious condition. He was taken ill last Friday.

"Because both of the victims had attended camp sessions at Camp Navawana two weeks ago, Dr. C. G. Crist, county medical director, sent William I. Shields, county health officer, to the camp Monday for a thorough investigation. The camp schedule has not been altered and no special regulations have been imposed.

20 VOLUNTEERS ARE ADDED TO PLASMA ROSTER

With 20 new volunteer donors on the list, appointment cards were mailed Monday afternoon to 270 volunteers for the July Blood Donor Day in Gettysburg—next Monday.

From that group who have been asked to make good on their offer to give a pint of blood to save the life of a fighting Yankee on world battlefronts, the Blood Donor Service committee of the county Red Cross chapter hopes to get not less than 160 pints of blood.

The appointments run from noon to 4:30 p. m., with the committee repeating its regular request that persons who find they will be unable to keep their appointments notify Radford Lippy, Blood Donor Service chairman, at the earliest possible time so that substitutes may be called in.

Seek More Donors

The 20 new volunteers are not enough, the committee pointed out and renewed the appeal for new donors to keep Adams county's contribution to the national Red Cross blood quota up to the level of 160 pints per month.

That quota was not met last month when absentees cut the total to 122 pints while two more donors joined the Gaillon Club. More than 2,000 pints of blood now have been received during the monthly visits of the mobile unit from Harrisburg at the local station in the basement of the College Lutheran church.

Local nurses and nurses' aides and Red Cross staff assistants again will be on duty here next Monday. Ladies of the Reformed church will serve in the dining room while College Lutheran church women will be on duty in the kitchen.

CPL. M. TOPPER IS WOUNDED IN PACIFIC AREA

Corporal Merrill R. Topper, United States Marine Corps, son of Mr. and Mrs. Walter Topper, Mt. Pleasant township, has been wounded in action somewhere in the Pacific theatre of operations.

News of the wounding of the county Marine was revealed in a letter the young man wrote to Miss Betty Haner, Fairfield road. No official word has been received from the Navy Department. The youth did not reveal the nature of his wounds, the extent of his injuries or in what action he was wounded. He did say, however, that he was "getting along alright" and that the food was good.

In a recent letter to his parents he praised the Red Cross for their work in the war zones. He said that they "are doing a swell job here. Besides cigarettes, toilet articles, etc., they also gave me a pair of civilian trousers. Now my buddies call me 4-f." He did not say why he was given civilian trousers.

Enlisted In 1942

Corporal Topper is at a Navy hospital and he is expected to be returned to this country.

The county youth, who is 22 years of age, enlisted in the Marines August 18, 1942. He received his basic training at Parris Island, South Carolina, Camp Lejeune, N. C. and Camp Pendleton, California. At one time he was with the 4th Division of Marines in which were the Thompson cousins, sons of Mr. and Mrs. Robert Thompson, McKnightstown and Mr. and Mrs. Earl Thompson, Carlisle street.

Prior to his enlistment he was employed at the Delecto here, later in York and then was transferred to Lancaster where he was an assistant manager. He enlisted in Lancaster.

LOCAL FLIER RESCUED YOUTH

Th high regard in which Sgt. LeRoy E. Aulhouse, 23-year-old son of Mr. and Mrs. Edgar Aulhouse, 132 Breckenridge street, is held in one home in Ipswich, Suffolk, England, is revealed in a letter recently received by Mrs. Aulhouse in which her son, missing in aerial action over France since May 5, is mentioned.

The letter, written by Mrs. Mary Cranstone, chief cook in a cafe where Aulhouse and other Yankee fliers are well known, explains that the Gettysburg man is specially remembered for his part in reviving Mrs. Cranstone's grandson who was pulled out of the river and brought home nearly dead.

Aulhouse rubbed the little fellow's limbs and used artificial respiration until the child was fully revived. "So you see, I look on him as one of my sons," Mrs. Cranstone wrote.

She does not indicate whether she knew Sgt. Aulhouse is missing but remarks that she "has not seen him for some time" but expected to inquire about him from his buddies.

OFFICER DIES OF WAR WOUNDS

Lt. Henry H. Brown, son of Stephen Brown, Steelton, died of wounds received in action in France on June 30 according to information received today.

The deceased was the husband of the former Jean Deatrick, Biglerville. Mrs. Brown is employed at the Gettysburg office of the radion board.

Lieutenant Brown was employed by the Bethlehem Steel company at Steelton before he entered the service as a private and took his basic training at Camp Wheeler, Ga. In the summer of 1942, he enrolled in Officer Candidate School at Fort Benning, Ga., and September 9 of the same year, he was commissioned a second lieutenant.

Before he was assigned overseas, the Steelton officer was stationed at Camp Rowze, Texas.

In addition to his father, Lieutenant Brown is survived by his widow, Mrs. Jean D. Brown, Biglerville; two sisters, Elizabeth and Christine, at home; and three brothers in the Navy, Stephen, a cook, third class, overseas; John T., hospital apprentice, Camp Peary, Va.; and George P., gunner's mate, third class, Charleston, S. C.

Pvt. Robert Hilty Wounded In France

Pvt. Robert Francis Hilty, son of Mrs. Elizabeth Hilty, 223 High street, was wounded in France between July 6 and 10, letters received here have revealed. He writes that he "got a slug through the arm" and is now in a hospital in England.

Private Hilty serves with the infantry. He has been in the service for 18 months and went overseas in May, 1943.

Here And There

News Collected At Random

All was quiet in the composing room of The Gettysburg Times Monday afternoon at 3:15 o'clock. Seven linotype machines were stilled. Motors of small presses whirled to a stop. In the pressroom the large newspaper press drooped to a halt. Huge automatic job presses were turned off. The staffs in the editorial room, business, job and advertising offices and proof-reading room left their desks. All the workers assembled around a large steel-topped make-up table, part of which was covered by a clean sheet of newspaper paper. The four corners weighted down with small pieces of lead. Just above a huge light glowed.

In that silence came the voice of Rev. Robert M. Hunt, pastor of the Gettysburg Presbyterian church, present to conduct memorial services for Horace Mann Bushman, one-time pressman for The Gettysburg Times, killed in action near Cherbourg.

Rev. Mr. Hunt read: Surely the saints you loved came To welcome you, that day in Normandy— Stephen, whose dying eyes beheld his Lord, Michael, a living blade of crystal flame, And all the flower of heavenly chivalry.

Smiling upon you, calling you by name, Leaving your body like a broken sword, You went with them—and now, beyond our sight, Still in the ranks of God you sing and fight, For death to you was one more victory

It was Amelia Josephine Burr's tribute to the late Joyce Kilmer who was killed in France in the first world war. Rev. Mr. Hunt had substituted the word Normandy for Picardy.

There was a profound stillness throughout The Times plant. Business was at a standstill. Men with ink-stained clothes and hands, open-neck shirts and rolled up sleeves stood motionless. Women were visibly moved. Only the whirr of an electric fan broke the stillness of the pause that followed. Rev. Mr. Hunt continued.

He read selected passages from Holy Scripture, from John and Matthew—and the Romans. He spoke with a soft, clear, firm voice. Then he read the Twenty-third Psalm.

No one moved. Their thoughts, no doubt, drifted to that American cemetery near Cherbourg where all that was once mortal of Horace Mann "Bush" Bushman, their one-time associate worker, lies buried beneath a little white cross, a supreme sacrifice to the cause of free men throughout the world.

Rev. Mr. Hunt closed the service with a brief prayer, a prayer for peace and freedom, for justice and righteousness and for the cause for which Horace Mann Bushman gave his last full measure of devotion.

Countian Charged With Keeping Cows

Mrs. Roberta Anderson, Butler township, has charged Ernst Tharp, Gettysburg R. 5, near Bonneauville, with "fraudulently withholding" five cows worth \$975 which Mrs. Anderson says belong to her and her son. Tharp was arrested Monday evening by Constable George Hughes on a warrant issued by Justice of the Peace John H. Basehore.

Tharp waived a preliminary hearing and posted \$1,500 bail for his appearance in court.

Reds Are Nearing Warsaw

By DANIEL DE LUCE

Moscow, July 25 (AP)—Swift Russian columns paced by churning tanks, Kuban Cosacks and swarms of planes were less than 50 miles today from Warsaw after splitting German armies in the heart of Poland by capturing Lublin and Lukow.

The Russian drive over the dusty, unobstructed plains carried the Red Army 40 miles forward in 24 hours. More than 12 hours ago, they were on the approaches of Siedlce (which the Germans said they had evacuated), 50 miles east of the Polish capital.

The Soviets were less than 20 miles from the Wisla (Vistula) river, which flows by Warsaw and forms the last natural barrier to Germany itself. A swift crossing of the Wisla would

outflank the Warsaw region and expose the garrison of the city of 1,265,000 to attack from the south.

German Silesia lies within 150 miles of advanced Russian forces which splashed across the San river.

Red pilots report scenes of panic around Warsaw, with roads choked with transport. The main frontal assault toward Warsaw was 50 miles wide and indications were that other Army groups from the north-east Bug river and from captured Lublin were about to join in a co-ordinated assault on the capital, 319 miles from Berlin.

The fall of the rail city of Lublin was announced by Marshal Stalin in a special order of the day and shortly afterward a special communique was issued declaring that the Germans had lost 539,890

troops killed and captured since the Soviet summer offensive got under way June 23.

Since Marshal Rokosssovsky's forces crossed the 1939-41 German-Polish border five days ago they have liberated over 9,000 square miles in their mighty drive toward the west.

Lublin was the scene of some of the most shocking incidents of the Germans anti-Semitic terror programs and formerly had a population of 115,000, of which 30 per cent were Jews.

Thundering west on the shortest road to Warsaw, columns of Soviet armor and mounted troops passed through Lukow in hot pursuit of shattered German rearguards, leaving behind them 500 populated places which they had freed from the Nazis.

Open New Drive In Normandy

By GLADWIN HILL

Supreme Headquarters Allied Expeditionary Force, July 25 (AP)—Supported by a massive armada of some 4,000 warplanes, the American and British armies burst forth at both ends of the 100-mile Normandy front today, and shoved the Germans backward in probably the greatest coordinated ground drive since D-Day.

Three thousand U. S. planes, including a record mission of 1,500 heavy bombers, smashed at the Germans opposing the new American offensive, location of which was not disclosed. Hundreds of other planes supported the British - Canadian push south of Caen. In quick

initial gains of more than a mile, British-Canadian tanks and infantry battling toward open tank country captured two towns, despite fierce resistance by at least two German SS Armored divisions.

"Fighting continues very strenuously" on both the American and British sectors, supreme headquarters declared.

Throughout the day, headquarters kept secret all details of the American land drive. The U. S. First Army has been strung along a winding front from fallen St. Lo to Lesay on the west coast.

(Berlin said the Americans attacked from the area northwest of St. Lo, and declared a small penetration had been sealed off.)

The British Second Army, hammering along on a four-mile front

down the road to Falaise, captured St. Martin de Fontenay and Verrieres and street fighting raged in May-Sur-Orne. These towns are some five miles below Caen.

Fighting also swirled for the town of Tilly-la-Campagne. Front dispatches said there was savage, close-quarter fighting in indecisive battle after the British-Canadians cracked through the outer crust of German defenses and ran into a bristling series of anti-tank positions and machine-gun nests. The Germans threw in batches of tanks to hold their lines.

The British jumped off before dawn, and the American attack opened shortly before noon. Huge artillery barrages supported both drives.

The double offensive broke a four-day stalemate in France.

Allies Near Florence, Italy

By NOLAND NORGAARD

Rome, July 25 (AP)—Steadily driving the Germans from one defensive position after another, Allied armies pushed within 10 miles of Florence and made limited gains elsewhere today along the Italian battlefield.

Official reports from the battle sectors said the tempo of the fighting had dwindled as the Germans gradually gave ground while preparing their defenses along the north bank of the Arno river between Florence and the west coast. However, a brisk fight developed east of San Miniato when the Germans launched two coun-

ter-attacks in an unsuccessful effort to prevent the Fifth Army from extending its lines eastward toward Florence.

American troops have cleared the enemy from the south side of the Arno along a sector from the west coast to a point within 18 miles of Florence.

The greatest threat to the Nazi defenders of Florence, however, was from the south. Fifth and Eighth Army units steadily drove the enemy back on an arc running southwest to southeast of the historic city.

British guardsmen fighting alongside South African troops gained the heights of Monte Domini, two

miles from the town of Greve and 12 miles south and slightly east of Florence. Greve was found clear of enemy troops.

The Germans managed to stabilize the Adriatic front somewhat and brought up long-range cannon and shelled the port of Ancona but failed to prevent the continuation of the port repairs. Polish troops meanwhile brought up tanks for an assault on Ostia, 18 miles west of Ancona.

An official announcement today said the German 278th Division lost from 3,600 to 4,000 men killed, captured or wounded in the fighting between Pescara and Ancona.

Pacific Invasions Progressing

By J. E. KREUGER

Associated Press War Editor—The twin invasions of Guam and Tinian moved smoothly forward today. Allied troops killed more hundreds of Japanese trying to break free of the New Guinea death trap and in hard-pressed China the enemy was banging his head against a stone wall defense at Hengyang.

16,000 radio was worried, telling the homefolks that "the Marianas situation is growing more serious every day," and that Adm. Chester Nimitz' airmen were constantly raiding Rota Island, between Guam and Tinian. Rota's neutralization is in progress.

On newly-invaded Tinian, a Marianas Island just south of Saipan, U. S. fighting men surged a mile inland to capture a third of the island's main airfield. Casualties, in contrast to the Saipan battle, were light. "The situation," said Admiral Nimitz, "is considered well in hand."

War correspondent Clinton Green said Marines went ashore on Tinian after probably the greatest half-hour air, naval and land-based bombardment yet concentrated on a single island in the Pacific.

The Japanese did not open fire until the ninth landing wave, and then only with mortars and machine-guns—lightly, compared to Saipan. The Marines progressed at least 600 yards during the first two hours.

Green said Tinian's civilian population of 15,000 apparently went underground as in the early days at Saipan, three miles north of Tinian. Hiding in the bushes were several children, including one 18 months old. They were taken to Saipan.

Marines and Army infantry met stronger opposition on Guam, 125 miles south of Tinian, but isolated an airstrip and hammered the approaches to Agaña, principal city

of the U. S.-owned island and its capital. Through July 22 U. S. casualties were 348 killed, 110 missing, 1,500 wounded. Enemy losses, said Nimitz, were heavy. Guam's Orote peninsula was cut off, trapping a Japanese force.

As on Saipan, most of Guam's 15,000 civilians hid out, pending the ending of fighting.

The German prisoners that escaped from the Prisoner-of-War camp here on July 3 had hopes of reaching the seacoast for the purpose of boarding a neutral ship and making their way back to Germany through a neutral, Capt. Lawrence Thomas, commander of the PW camp, told members of the Gettysburg Rotary club Monday evening at the organization's weekly dinner meeting at the YWCA.

The prisoners found the traffic so heavy on the highways they had hoped to use that they were forced under cover so often they decided after a week that there was no hope of reaching a seaport and gave themselves up to York police less than 30 miles from the scene of the escape.

Captain Thomas described the manner in which the PW camp is operated under the provisions of the Geneva convention and told of the setup under which the prisoners are made available for labor to help meet the acute farm labor shortage here and elsewhere in the state.

There were 39 Rotarians and five guests in attendance with President Walter Africa presiding.

ALLIED DRIVE MAY RESULT IN NAZI COLLAPSE

By DEWITT MACKENZIE
Associated Press War Analyst

Here's hoping the renewal of the Allied offensive in Normandy this morning is the big show!

This is the crucial moment when a concerted Allied onslaught might tear through Hitler's revolt-weakened defenses. In fact that would seem to be the acid test to tell us whether we may expect a quick end to the European war.

On that basis one would expect the western Allies to extend their drive in Normandy to the utmost at the earliest possible moment in conjunction with the terrific assault by the Red armies, which are going all-out for the kill. United Nations forces already are surging northward in great strength against the powerful Nazi Gothic line which defends the upper third of Italy. The Allied Fourth Front—the air—continues to tear at the vitals of Germany.

"Ring of Death"

A mighty Allied drive in Normandy would complete the ring of death about Hitler. Today's offensives might be the beginning but we can't gauge the operations yet because the British and Canadians on the left flank, and the Americans on the right, slipped into gear so quietly in the dawn that it isn't apparent whether the war machine is to be thrown into top speed.

The Germans have said a big offensive was boiling up in Normandy. Many Russians have taken British Prime Minister Churchill's visit to the front as presaging a fresh effort. Perhaps that's wishful thinking about Churchill's mission, but there certainly have been mounting signs that the Allied volcano on the peninsula is about ready to erupt. It's no secret that huge quantities of materiel, and great numbers of troops, have been pouring into France.

It presumably is this picture which encourages the Russians to expect a mighty effort in Normandy. They believe that Hitler's eastern and western fronts will blow up if simultaneous pressure is put on them in a big way. Judging from his disaster in the Russo-German theatre, this might happen.

Strong Defense

Having said this, however, we must qualify it by recognizing that the Hitlerites have been offering thorough resistance in Normandy and that while they are in dire straits in the eastern theatre, there has been no complete collapse of their fighting machine. Their position in the east is so precarious that the collapse might come—but it hasn't arrived yet.

The Germans are retreating piecemeal before the Red armies at most points in an effort to reach a new defensive line on which they can hold the enemy advance. The next logical line appears to be that along the great Wisla (Vistula) river which flows through Warsaw. However, they will be lucky if they can make a stand there, for they are said to lack the necessary armored divisions.

There are lines of defense between the Wisla and the German frontier, and the Nazis may hope that the Red offensive will slow down so they can halt on one of these. The Russians are going so fast that their greatly extended communications might become a problem before long. The Muscovites presumably are depending heavily on motor transport for their amazing mobility, and that means huge quantities of gasoline which must be transported over war-torn roads for long distances. In this connection it's interesting to see the versatile Russians using large contingents of cavalry which are ripping through the German line under their own power.

Navy Reopens 17-Year-Old Recruits

James C. Diehl, recruiter in charge of the Navy recruiting station, post office building, York, announced today that the quota for voluntary enlistment of 17-year-old young men in the Navy has been enlarged.

Applications for enlistment of young men of 17 which have been pending will now be completed, and new applications will be accepted from eligible young men of 17 for immediate completion. The enlargement of this quota makes it possible for 17-year-olds to choose the service they wish, and to take advantage of the many opportunities offered by the Navy.

NAZIS TIGHTEN GRIP ON REICH

London, July 25 (AP)—The Nazis hunted today that they were preparing even more drastic measures to tighten their grip on the war-weary home front after Adolf Hitler's party henchmen apparently had grabbed complete control of the German Army.

Out of a maze of reports of seething turmoil gripping the Reich it has become clear that as long as the Nazis are directing the war—and without question they are in the driver's seat now—they are prepared to carry on even though Germany herself becomes a battle ground.

Transcending New Agency in a broadcast from Berlin said there were indications that "a great number of new decrees, some of them cutting deep into our everyday life, may be expected soon." It added that the Germans "shall become a people of fighters in the most literal sense of the word."

There were indications that the Gestapo's purge of Army conspirators whom Hitler said had tried to assassinate him had wiped out only a few of the top men in the movement. A reliable report to the Associated Press from the Reich frontier said the only member of a "high committee of opposition" who had been caught was the executed Col. Gen. Ludwig Beck, who had been warned of arrest and was taken by accident.

BULLETINS

London, July 25 (AP)—Adolf Hitler appointed Reichsmarschal Hermann Goering chairman of the Council for Defense of the Reich tonight and issued a decree ordering total mobilization of Germany and occupied territories.

London, July 25 (AP)—Well over 1,500 U. S. heavy bombers, the greatest fleet of four-engine aircraft ever dispatched on a single mission, and an equal number of lighter planes were thrown against the Germans in the western sector of the Normandy front today to carve a path of advance for Lt. Gen. Omar N. Bradley's new offensive.

London, July 25 (AP)—Russia announced tonight it would conclude an agreement with the Polish Committee of National Liberation, rather than the exile government in London, covering relations between the advancing Red Army and the civil administration of liberated Polish territory.

New York, July 25 (AP)—The London radio broadcast confirmed reports today that Col. Gen. Eberhard von Mackensen, son of Field Marshal August von Mackensen of World War fame, is "held by the Gestapo" and that Dr. Hans Thomsen, German ambassador to Sweden, was under Gestapo observation.

Washington, July 25 (AP)—Navy Secretary Forrestal reported today that American casualties in the conquest of "Saipan" in the Western Pacific Marianas group, totaled 16,433 men, including 3,042 killed in action, 13,049 wounded and 365 missing.

London, July 25 (AP)—Maj. Gen. Paul R. Hawley of the U. S. Medical Corps, reporting an "excellent achievement," said today the death rate among wounded American soldiers admitted to U. S. Army hospitals in Britain had been four of every 1,000 patients. Among wounded treated by medical units in the combat zone, the rate was less than three per cent for the period from D-Day, June 6, to June 30, he said.

State Police Nab Juveniles In Theft

Pvt. George Evanko, of the local sub-station of the state police and officers of the Hanover police department Monday morning took into custody two 15-year-old boys, who it is said, have confessed to the theft of the automobile of Roscoe Hoacker, Hanover. The car was taken from the 500 block Baer avenue, Hanover, July 13, without the consent of the owner and was returned at 2:30 p. m., the same day, three and a half hours after it was taken.

The police report that the boys admitted driving the machine from Hanover to Abbottstown, Gettysburg, Littlestown and back to Hanover. Between Littlestown and home, the car struck a fence, damaging a fender.

Capture Escaped Nazi War Prisoner

Oil City, Pa., July 25 (AP)—A German war prisoner—the first to escape from the camp set up near North East, Pa., to help pick and can the fruit crop—was in the custody of army authorities today after his capture by the crew of a Pennsylvania railroad freight train.

Sgt. W. H. Colegrove of the railroad police said the prisoner, whom he identified as Heinz Golze, 23, was caught yesterday as he dropped off a car when a south-bound freight pulled into a siding at Ryndfarm, two miles south of here.

The train crew brought him here, where he was turned over to army authorities. The prisoner was still wearing his green uniform with the initials "PW" stamped on it when he was captured.

There are about 260 species of ducks.

ALLIED DRIVE MAY RESULT IN NAZI COLLAPSE

By DEWITT MACKENZIE
Associated Press War Analyst

Here's hoping the renewal of the Allied offensive in Normandy this morning is the big show!

This is the crucial moment when a concerted Allied onslaught might tear through Hitler's revolt-weakened defenses. In fact that would seem to be the acid test to tell us whether we may expect a quick end to the European war.

On that basis one would expect the western Allies to extend their drive in Normandy to the utmost at the earliest possible moment in conjunction with the terrific assault by the Red armies, which are going all-out for the kill. United Nations forces already are surging northward in great strength against the powerful Nazi Gothic line which defends the upper third of Italy. The Allied Fourth Front—the air—continues to tear at the vitals of Germany.

"Ring of Death"
A mighty Allied drive in Normandy would complete the ring of death about Hitler. Today's offensives might be the beginning but we can't gauge the operations yet because the British and Canadians on the left flank, and the Americans on the right, slipped into gear so quietly in the dawn that it isn't apparent whether the war machine is to be thrown into top speed.

USING DOGS TO DETECT MINES

Washington, July 25 (AP)—The Army has found a new use for its dogs—they are mine detectors.

The non-metallic land mines, which cannot be located by mechanical devices, are a specialty of these highly trained "M-dogs," the Army disclosed today, but they find others, too—metallic mines, tripwires and booby traps.

Working on a six-foot leash, the animals locate mine fields, lead the way around them, or point a safe path through them. As soon as the dogs locate the buried or concealed explosive devices, the mines are removed or deactivated, and the cleared path is marked with tape.

Dogs of different breeds are used. All are of medium size, weighing 45 to 65 pounds, and they are selected on the basis of intelligence, willingness to work, quiet nature, and indifference to distractions.

London, July 25 (AP)—Maj. Gen. Paul R. Hawley of the U. S. Medical Corps, reporting an "excellent achievement," said today the death rate among wounded American soldiers admitted to U. S. Army hospitals in Britain had been four of every 1,000 patients. Among wounded treated by medical units in the combat zone, the rate was less than three per cent for the period from D-Day, June 6, to June 30, he said.

State Police Nab Juveniles In Theft

Pvt. George Evanko, of the local sub-station of the state police and officers of the Hanover police department Monday morning took into custody two 15-year-old boys, who it is said, have confessed to the theft of the automobile of Roscoe Hoffacker, Hanover. The car was taken from the 500 block Baer avenue, Hanover, July 13, without the consent of the owner and was returned at 2:30 p. m., the same day, three and a half hours after it was taken.

The police report that the boys admitted driving the machine from Hanover to Abbottstown, Gettysburg, Littlestown and back to Hanover. Between Littlestown and home, the car struck a fence, damaging a fender.

Capture Escaped Nazi War Prisoner

Oil City, Pa., July 25 (AP)—A German war prisoner—the first to escape from the camp set up near North East, Pa., to help pick and can the fruit crop—was in the custody of army authorities today after his capture by the crew of a Pennsylvania railroad freight train.

Sgt. W. H. Colegrove of the railroad police said the prisoner, whom he identified as Heinz Golze, 23, was caught yesterday as he dropped off a car when a south-bound freight pulled into a siding at Ryndfarm, two miles south of here.

The train crew brought him here, where he was turned over to army authorities. The prisoner was still wearing his green uniform with the initials "PW" stamped on it when he was captured.

Denies Agreement On Monetary Parley

Canberra, Australia, July 25 (AP)—Prime Minister John Curtin said Monday the Australian government had neither accepted nor rejected results of International Monetary Conference at Bretton Woods, N. H. He added that public announcements from America, giving what he said were impressions that an agreement was being entered into, were misleading.

The leader of the Australian delegation, Curtin said, signed a certificate that the record of the conference proceedings was accurate. The conference proposal will be placed before Parliament and, Curtin added, he is prepared to give it the most sympathetic consideration.

16 GENERALS ASK LEADERS TO QUIT HITLER

By EDDIE GILMORE
Moscow, July 25 (AP)—Moscow newspapers printed today over the names of 16 captured German generals an appeal to all German officers and soldiers to renounce Adolf Hitler and bring the war to a close by refusing to fight further.

Reproductions of the signatures of the generals were headed by that of Gen. Velkers, former commander of the 27th Army Corps.

The statement declared that the signers, through long service in the German Army in two wars, had come to the conclusion that the present struggle is hopeless. They appealed directly to the German Army to:

- (1) Break with Hitler immediately.
- (2) Denounce all orders from him or his henchmen.
- (3) Bring to an immediate end "this senseless bloodshed."

30 Divisions Last

The generals said it was the duty of all German officers to explain this situation to their troops.

The Russians took care to see that the statement would reach Germany, broadcasting it over shortwave radio and dropping thousands of printed copies from planes in German-held territory.

By nightfall tonight, the Russians said, a large portion of the German Army should know of the appeal of the generals, who declared their action was voluntary and was prompted by love of their country.

The statement asserted that 30 German divisions have been destroyed by the Red Army's current summer offensive and that to continue the fight would be suicidal to Germany.

German Radio Asks Full Mobilization

London, July 25 (AP)—The German home force's radio Monday broadcast an appeal to "mobilize to the last strength."

"Whoever fails to do his duty is no longer one of us," said the broadcast, which presumably now is under the direction of Heinrich Himmler, delegated by Adolf Hitler to command the home forces.

"No one has the right to live, not even breathe, who does not carry arms or forge them."

BULLETINS

Supreme Headquarters Allied Expeditionary Force, July 25 (AP)—The Allies were massing their forces Monday for New drives to break out of the Normandy beachhead and only two engagements were reported all along the 100-mile front.

London, July 25 (AP)—A broadcast dispatch by DNE, German news agency, said Monday that Yang Ma Olin, first corps commander in the second Nanking army, had been shot to death by "terrorists" on the streets of Japanese-held Nanking.

Rome, July 25 (AP)—Four thousand Jews and many ranking military authorities participated Monday in first Jewish Thanksgiving service in captured Rome. The service was in the grand synagogue on the banks of the Tiber.

London, July 25 (AP)—The "Hitler salute" has been introduced in the German armored forces, the German radio said Monday.

Schenectady, N. Y., July 25—(AP)—The General Electric Co. announced Monday plans for production of jet propulsion aircraft turbines for the War Department. It also revealed it had perfected electronic equipment which can measure the speed of projectiles within 1/100,000 of a second.

Schenckville, Pa., July 25 (AP)—Warren H. Fryer, wounded in action Nov. 10, 1918, the day before the Armistice ending the first World War, has just received the Purple Heart award.

London, July 25 (AP)—Two German generals, one chief of the air force general staff, have died of injuries from the Thursday bomb-blast aimed at Hitler's life. Berlin radio announced today. Gestapo squads meanwhile were reported carrying forward a vast blood purge to quell what Prime Minister Winston Churchill termed a revolution in Germany.

FDR And Truman May Meet Soon

Kansas City, July 25 (AP)—As Sen. Truman (D-Mo.) recalled old times with the home folks still crowding in today to congratulate him on his Democratic vice presidential nomination, these two questions were asked repeatedly:

- (1) When will Truman meet President Roosevelt to discuss plans for the fourth term campaign?
- (2) How important a role will the Missouri be expected to play between now and the November elections?

The President accepted the nomination of radio from a west coast Naval station July 20, and since then there has been no hint of his whereabouts.

But local politicians perked up yesterday when Truman, talking with some of the men who served under him in France in Battery D of the old Missouri National Guard, said: "I'd be very happy to meet the President here or anywhere" and then added, "Missouri is a very hospitable state."

Control Boardwalk
Fire After An Hour

Atlantic City, N. J., July 25 (AP)—Approximately 1,000 square feet of the boardwalk and also the ramp leading up to it from Illinois avenue were destroyed yesterday by a fire which Fire Chief Rex Farley said apparently was caused by a carelessly discarded cigar.

The fire, which started in the ramp, blazed fiercely before firemen got it under control after an hour's fight.

TO CLOSE RADIO SCHOOL

Holldaysburg, Pa., July 25 (AP)—The Keystone Naval Radio school, established in October, 1942, to train radio operators for the Navy, will be closed November 30, operators of the school announced. Several thousand students were graduated from the school in little more than two years.

Four Years Ago

Held For Shooting
Youth By Mistake

Chambersburg, Pa., July 25 (AP)—Daniel S. Stoner, 54, was held in Franklin county jail today in charge of \$1,500 bail on a charge of killing a human being in mistake for an animal. (Last week in Adams county, 75-year-old Charles H. Rothenhoefter was released under \$1,500 bail on an identical charge. In each case young boys were the victims.)

Squire Shirley Zenger, who held Stoner for the next session of court said that "he admitted that he shot 16-year-old Herbert Brown, but said that he did it unintentionally."

At Gettysburg Trooper Harold K. Trout said that Rothenhoefter admitted shooting 12-year-old William McCauslin when he mistook him for a fish crane and fired into deep weeds.

Two Die In Fall
Into Mine Shaft

Wilkes-Barre, Pa., July 25 (AP)—John Krokes, 36, and Joseph Zeminka, 39, were killed Monday when they fell 100 feet into the shaft of the Huber mine of the Glen Alden Coal company.

The men were riding an elevator from the bottom of the shaft to a section they had been repairing, and are believed to have been knocked from the cage when planks they were carrying struck the side of the shaft. Coroner L. S. Reese said death was instantaneous.

Hartford, Conn., July 25 (AP)—The death toll in the Ruggles Brothers-Barnum and Bailey circus fire disaster here July 6 rose to 164 Monday when Miss

Grace Clark, 48, of Hartford, whose 81-year-old parents also perished in the "big top" blaze, succumbed of burns. Six persons remain missing

since the catastrophe, among them Mrs. William Field of Newport, Vt., and Eleanor Cook, 8, of Southampton, Mass.

MARINE VETS HOME ON LEAVE

Pittsburgh, July 25 (AP)—Veterans of two years in south Pacific, 193 First Division Marines, back from Guadalcanal and Cape Gloucester, were home today after a tumultuous welcome by more than 5,000 persons who waited at the station for over five hours to greet them.

Men from a score of western Pennsylvania communities, from Ohio, West Virginia, Kentucky and Western New York comprised the first group of homecoming heroes of World War II that arrived by train last night from San Diego, Calif.

They were part of the 3,000 first Marines who landed on the west coast two weeks ago. Most of them agreed the longest part of the journey was the five days they spent coming from San Diego. It was a kind of triumphal tour, however, as crowds gathered at every stop in cross-roads towns and big cities to shower them with food and gifts.

These were the fighting Marines who stormed ashore at Guadalcanal Aug. 7, 1942, to make his-

SPORT SHORTS

Pittsburgh, July 25 (AP)—Bee Bee Wright, Clairton schoolboy, looked around for bigger game for his ring today after adding Frank Willis, veteran Washington, D. C., battler, to his big bag of victims.

The sensational youngster, beaten only twice in his 23 fights, gave Willis a lacing for nine rounds at Hixley Park last night after weathering a first round storm to win his 17th straight in Pittsburgh.

For 153 days they were under constant fire—the longest period that troops have been in constant battle in modern warfare.

"I'd rather be with them—
than waiting for them"

I'll ADMIT there's a funny lump in my throat...

But here I am, loaded with my overseas pack, climbing up the side of the biggest boat I've ever seen—and glad of it.

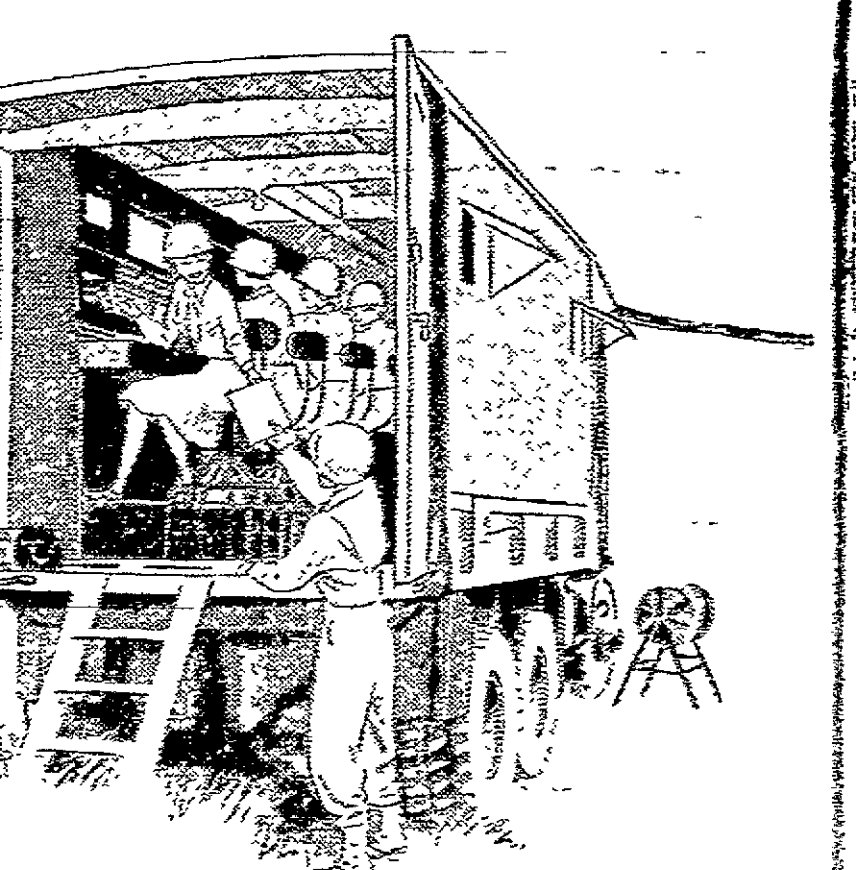

Glad I said "good-bye" to civilian life months ago—and went into the WAC. Glad I went through all the training and on to active duty.

For, as a Wac, I'm really working for victory. Sharing the hard part of war. And the glory that will come.

I'd rather be with them—in the Army...

Than waiting back home—thinking up things to make the time go by—listening to the news—wondering when it'll all be over.

Yes, I'm in the Army and on my way—and I'm glad to the bottom of my heart!

Good soldiers...

16 GENERALS ASK LEADERS TO QUIT HITLER

By EDDIE GILMORE

Moscow, July 25 (AP)—Moscow newspapers printed today over the names of 16 captured German generals an appeal to all German officers and soldiers to renounce Adolf Hitler and bring the war to a close by refusing to fight further.

Reproductions of the signatures of the generals were headed by that of Gen. Velkers, former commander of the 27th Army Corps.

The statement declared that the signers, through long service in the German Army in two wars, had come to the conclusion that the present struggle is hopeless. They appealed directly to the German Army to:

- (1) Break with Hitler immediately.
- (2) Denounce all orders from him or his henchmen.
- (3) Bring to an immediate end "this senseless bloodshed."

30 Divisions Last
The generals said it was the duty of all German officers to explain this situation to their troops.

The Russians took care to see that the statement would reach Germany, broadcasting it over shortwave radio and dropping thousands of printed copies from planes in German-held territory.

By nightfall tonight, the Russians said, a large portion of the German Army should know of the appeal of the generals, who declared their action was voluntary and was prompted by love of their country.

The statement asserted that 30 German divisions have been destroyed by the Red Army's current summer offensive and that to continue the fight would be suicidal to Germany.

Speed Up Mailing Of Service Ballots

Harrisburg, July 25 (AP)—Local election boards, assigned the job of giving eligible Pennsylvanians in the armed forces a chance to vote in the November election, stepped up a recheck of military registrations today to assure speedy mailing of military ballots to more than a half-million service men and women.

With the deadline for withdrawal of candidates' names from ballots and payment of filing fees for write-in nominees falling today, the state election board said it hoped this week to certify to many counties lists of nominees, permitting immediate printing of military ballots.

Action on others will be delayed until after August 4, the final day for filing substitutions, where ballot vacancies exist.

Control Boardwalk Fire After An Hour

Atlantic City, N. J., July 25 (AP)—Approximately 1,000 square feet of the boardwalk and also the local leading up to it from Illinois avenue were destroyed yesterday by a fire which Fire Chief Rex Farley said apparently was caused by a carelessly discarded cigarette.

The fire, which started in the ramp, blazed fiercely before firemen got it under control after an hour's fight.

TO CLOSE RADIO SCHOOL

Hollidaysburg, Pa., July 25 (AP)—The Keystone Naval Radio school, established in October, 1942, to train radio operators for the Navy, will be closed November 30, operators of the school announced. Several thousand students were graduated from the school in little more than two years.

German Radio Asks Full Mobilization

London, July 25 (AP)—The German home force's radio Monday broadcast an appeal to "mobilize to the last strength."

"Whoever fails to do his duty is no longer one of us," said the broadcast, which presumably now is under the direction of Heinrich Himmler, delegated by Adolf Hitler to command the home forces.

"No one has the right to live, not even breathe, who does not carry arms or forge them."

BULLETINS

Supreme Headquarters Allied Expeditionary Force, July 25 (AP)—The Allies were massing their forces Monday for new drives to break out of the Normandy beachhead and only two engagements were reported all along the 100-mile front.

London, July 25 (AP)—A broadcast dispatch by DNB, German news agency, said Monday that Yang Ma Olin, first corps commander in the second Nanking army, had been shot to death by "terrorists" on the streets of Japanese-held Nanking.

Rome, July 25 (AP)—Four thousand Jews and many ranking military authorities participated Monday in first Jewish Thanksgiving service in captured Rome. The service was in the grand synagogue on the banks of the Tiber.

London, July 25 (AP)—The "Hitler salute" has been introduced in the German armored forces, the German radio said Monday.

Schenectady, N. Y., July 25—(AP)—The General Electric Co. announced Monday plans for production of jet propulsion aircraft turbines for the War Department. It also revealed it had perfected electronic equipment which can measure the speed of projectiles within 1/100,000 of a second.

Schenectady, N. Y., July 25 (AP)—Warren H. Fryer, wounded in action Nov. 10, 1918, the day before the Armistice ending the first World War, has just received the Purple Heart award.

London, July 25 (AP)—Two German generals, one chief of the air force general staff, have died of injuries from the Thursday bomb-blast aimed at Hitler's life. Berlin radio announced today. Gestapo squads meanwhile were reported carrying forward a vast blood purge to quell what Prime Minister Winston Churchill termed a revolution in Germany.

FDR And Truman May Meet Soon

Kansas City, July 25 (AP)—As Sen. Truman (D-Mo) recalled old times with the home folks, still crowding in today to congratulate him on his Democratic vice presidential nomination, these two questions were asked repeatedly:

(1) When will Truman meet President Roosevelt to discuss plans for the fourth term campaign?

(2) How important a role will the Missouri be expected to play between now and the November elections?

The President accepted the nomination by radio from a west coast Naval station July 20, and since then there has been no hint of his whereabouts.

But local politicians perked up yesterday when Truman, talking with some of the men who served under him in France in Battery D of the old Missouri National Guard, said: "I'd be very happy to meet the President here or anywhere."

And then added, "Missouri is a very hospitable state."

An Evening Thought

A solemn and religious regard to spiritual and eternal things is an indispensable element of all true greatness.—Daniel Webster

Just Folks

WIND
Pleasant and friendly and wholesome and gay.
Blithe as a schoolboy when given to play.
But mad as a tyrant that all would de-flower.
In the terrible moment it comes into power.
Friend to the weary when evening comes on.
After the sweltering noon-tide has gone.
But vicious as hatred and cruel as sin
In the terrible moments its rages begin.

Aide to the pilots of ships of the air;
Joy to the sailor when weather is fair,
But blind as man's fury and foul in its wrath.
Leaving stark ruin and death in its path.

Gentle as motherhood when it is kind,
But a terrible force which restraint cannot bind;
A will to demolish no pleading can shake;
A mocker of men and whatever they make.

MOODS AND SEASONS

In nature we have its four Seasons—but during these Seasons thousands of moods bud, bloom and disappear.

Quite analogous to Nature are the Seasons of man—and his moods are just as numerous. We have productive Seasons, like Youth, and the Middle Years and Reflective and Judicial Seasons, where Experience commences greatly; and then there is the Season of Hope, in which the full fruition of life is exemplified.

By keeping our spirit on an even keel throughout all these several Seasons, we can voyage safely, and with confidence, braving any and all storms, assured as well of a happy landing.

Our moods are influenced greatly by our attitude upon life as a whole, and their values are enhanced in proportion to our appreciation of the beauties and blessings that are so freely strewn along our pathway. None are so blind as those who will not see.

I have just read a remarkable travel story by Morley Roberts, the English writer. It was his first book and is called "The Western Avenue." It is the story of his wanderings in the United States and Canada about sixty years ago. He worked his way from New York to the Pacific Coast as well as to Australia. And he traveled most of the way. He endured great hardships and suffering. He met rough characters and even human nature in all its forms and manifestations. But he never let the sordid crowd out his love of beauty and the transience of scenic splendor.

The Seasons—moods and moods of Nature flow through to autumn are able to recognize animals to every form and animal, some of them, and to note in every feature some passing mood of a scene.

Last night I dreamed in the beauty of a full moon framed by a cluster of clouds. The night was mild and mellow and the fragrance of the golden bell flowers across the fields of the Great Valley here at my estate home in Nova Scotia. The same moon, I mentioned that watched over millions of boys fighting and sacrificing to rise this beautiful world of its hideous monsters of murder and war-torn piety.

An Evening Thought
A solemn and religious regard to spiritual and eternal things is an indispensable element of all true greatness.—Daniel Webster

Just Folks
WIND
Pleasant and friendly and wholesome and gay.
Blithe as a schoolboy when given to play.
But mad as a tyrant that all would de-flower.
In the terrible moment it comes into power.
Friend to the weary when evening comes on.
After the sweltering noon-tide has gone.
But vicious as hatred and cruel as sin
In the terrible moments its rages begin.
Aide to the pilots of ships of the air;
Joy to the sailor when weather is fair,
But blind as man's fury and foul in its wrath,
Leaving stark ruin and death in its path.
Gentle as motherhood when it is kind,
But a terrible force which restraint cannot bind;
A will to demolish no pleading can shake;
A mocker of men and whatever they make.

Today's Talk
MOODS AND SEASONS
In nature we have its four Seasons—but during these Seasons thousands of moods bud, bloom and disappear.
Quite analogous to Nature are the Seasons of man—and his moods are just as numerous. We have productive Seasons, like Youth, and the Middle Years, and Reflective and Judicial Seasons, where Experience dominates greatly; and then there is the Season of Hope, in which the full fruition of life is exemplified.
By keeping our spirit on an even keel throughout all these several Seasons, we can voyage safely, and with confidence, braving any and all storms, assured as well of a happy landing.
Our moods are influenced greatly by our attitude upon life as a whole, and their values are enhanced in proportion to our appreciation of the beauties and blessings that are so freely strewn along our pathway. None are so blind as those who will not see.
I have just read a remarkable travel story by Morley Roberts, the English writer. It was his first book and is called "The Western Avernus." It is the story of his wanderings in the United States and Canada about sixty years ago. He worked his way from New York to the Pacific Coast, as well as to Australia. And he tramped most of the way. He endured great hardships and suffering. He met rough characters and faced human nature in all its forms and manifestations. But he never let the sordid crowd out his love of beauty and the magnificence of scenic splendor.
The Seasons, changes, and moods of Nature flow through us all—who are able to recognize kinship to every flower, bird, animal, shrub or tree, and to note in every floating cloud some passing mood of our own.
Last night I exulted in the rare beauty of a full Moon framed by a cluster of clouds. The night was mild and mellow, and the reflection of that golden ball streamed across the placid waters of Grand Lake, here at my island home in Nova Scotia. The same Moon, I meditated, that watched over millions of boys, fighting and sacrificing—to free this beautiful world of its hideous monsters of murder and wanton pillage.

Out Of The Past
From the Files of the Star and Sentinel and The Gettysburg Times
FIFTY YEARS AGO
Baseball Park: The baseball team has secured from F. G. Pfeffer, a lease of the latter's lot, situated south of his house on the Emmitsburg road, which they intend to fit up as a baseball park. The ground has natural advantages for a diamond. Its situation along the line of the trolley road will make access to it most easy and convenient. We wish the boys success in the effort.
Memorial Windows: Eight stained glass memorial windows are to be placed in the new Seminary building at a cost of \$100 each. Six of the windows are to be in memory of former professors—The Rev. Drs. Schmucker, Krauth, Schaeffer, Brown, Stork and Hay, and these are to be erected by former pupils of these professors.
Local Miscellany: There were from 8,000 to 10,000 persons present at the Reformed re-union at Pen Mar last week.
The heat last week was extreme, the thermometer hovering about one hundred for several days.
Licenses to sell fertilizer in this state will expire on July 31st.
Notice: We, the undersigned merchants of Gettysburg, agree to close our stores during August at seven o'clock, Saturday evening excepted. Open during N. G. encampment.
J. H. Myers, clothier and tailor; J. R. Stine & Son, clothier and furnisher; Friedman & Bear, clothier and furnisher; Boston Clothing House; Erter & Schmidt, tailors; C. Kappes; J. D. Lippy, and R. H. Reininger.
Baseball: The Gettysburg boys went to Hanover on Tuesday and were badly beaten in a game marked by their weak batting and loose fielding. Hanover batted well and won handsily by the score of 14 to 1.
On Friday the Oxford boys, reinforced by players from Hanover, Irishtown and Glen Rock, played a game here. The home team batted Himes, the Dickinson college pitcher, hard and fielded well. Gettysburg won by a score of 20 to 3.

Flashes Of Life
HOT LINER
St. Louis (AP)—Clarence Brown, Jr., was in a sandlot ball game and was hit by the ball. He was treated for burns at a hospital. The ball had struck the pocket in which he carried matches.
RECORD DELIVERY
Chicago (AP)—The stork was a busy bird at the Lincoln Park Zoo over the week-end, Director Floyd Young reporting a population increase of 50.
The new arrivals included 49 boa constrictors and a South American guanaco. The litter of 49 boas, whose mother is a five and a half foot long imperator boa constrictor, was a record for the zoo.
Young said the zoo doesn't want all the baby boas and he hopes to trade them for other species to fill out the park collection.
RUG-CUTTER
Hollywood (AP)—Jan Kiepura and his wife, Marta Eggerth, opera singers, are distressed. Says Mrs. K. of seven-week-old Jan, Jr.: "He yells when we play operatic records and coos when we tune in rug-cutting rhythms."

Anglo-U. S. Confab
On Postwar Oil Opens
Washington, July 25 (AP)—Anglo-American talks aimed at a common postwar oil policy get under way today with both sides expecting quick agreement.
Lord Beaverbrook heads the British delegation, which is talking with an American cabinet group led by Secretary of State Hill.
The conversations are based on recommendations worked out by a group of British and American technical experts two months ago, and conclusions are to be set down in a signed agreement or exchange of notes.
The main goal is a permanent Anglo-American commission to study world oil resources and needs, so that production can be regulated accordingly.
Once an agreement is reached between this government and Britain, other countries interested in petroleum, such as Russia and several South American nations, will be invited to similar discussions.

BRITCHER AND BENDER DRUG STORE
And it goes without saying that you know the reason! Those boys who used to deliver your packages—they're young men now, matured by the emergency. They are taking special training or working in defense plants. And if you miss a familiar face behind the counter, chances are the owner thereof is with the armed forces. Yes, we are short-handed. But we are keeping up our service standards nevertheless. We know you'll be glad to help, when you can, by bringing in your prescriptions; carrying the smaller packages. It's a practical way to help win the war.

RED-SPONSORED POLISH COUNCIL DEMANDS LAND
By EDDIE GILMORE
Moscow, July 25 (AP)—Demanding the inclusion in post-war Poland of all of East Prussia, most of Pomerania and other portions of eastern Germany, the Soviet-sponsored National Council of Poland has declared itself "the sole lawful source of authority in Poland" and termed the Polish government in London an "impostuous" and "incompetent authority."
The announcement of the post-war aims of the council and the establishment of a Polish committee of national liberation as the organ of executive power was interpreted here to mean that so far as the Russian government was concerned the Polish government-in-exile in London no longer represents Poland.
In a manifesto released yesterday but dated at Chelm, Poland, July 22—the day the city was liberated from the Germans by the Red army—the council said the "basic principle" of Poland's post-war foreign policy would be "a firm alliance with our direct neighbors, with the Soviet Union and Czechoslovakia" and that the "blood shed in joint battles against German aggression will further consolidate our friendship and strengthen our alliance with Great Britain and the United States."
"A Handful of Usurpers"
The manifesto further declared that the council would strive also "to preserve traditional friendship and alliance with a revived France and to cooperate with all Democratic countries of the world."
The London Polish government, which has been recognized by the United States and Britain, declared the formation of the Liberation committee was "an attempt by a handful of usurpers to impose on the Polish nation a political leader-

Nazis Admit Home Front Bogs Down
Stockholm, July 25 (AP)—The Germans acknowledged Monday that recruiting and supply for the war fronts had bogged down, and they blamed the "bureaucracy in the staff of the German home army," which Heinrich Himmler took over last week.
The Berlin correspondent of Tidningen cabled:
"One of the most important details in the current purge concerns conditions in the German home army, especially in the staff charged with recruiting and supply."
The story quoted the Nazi organ, Voelkischer Beobachter, as saying that "revolving generals had been lodged for a long time in the home army, hindering and sabotaging recruiting and supply of arms and ammunition for the fronts." The newspaper asserted that the appointment of Himmler as chief of the home army would remedy the situation so that troops no longer would "shake with fury."
ship which is at variance with the overwhelming majority."
The council declared it had named the committee of liberation under terms of the March 21, 1917, constitution and that the main provisions of this constitution would remain in effect until the convocation of an elected constitutional assembly "expressing the will of the people."
Equality for Jews
The manifesto also proposed a broad program of social and economic reforms for the liberated populace, and called for restoration to the owners of property looted by the Germans from individuals, businesses, institutions and churches as well as state holdings. It also promised that "no single German criminal, no single traitor of the Polish people, should escape punishment."
Jews, the manifesto said, "will be insured new, normal conditions for existence, also legal and actual equality."
German property and "lands of the traitors of the people will be confiscated" under the proposed program.

London Hit Again By Flying Bombs
London, July 25 (AP)—As the robot attacks on Britain continued for the 40th day, military experts Monday expressed belief that the Germans were using a number of new flying bomb bases, including some in Belgium.
London, as well as areas in the southern counties, suffered casualties and damage during the night, when the Nazis sent a fairly large number of the flying bombs hurtling across the channel.
It was disclosed, meanwhile, that more than 100,000 mothers and babies and 82,000 school children have been evacuated from London under government auspices.
London, July 25 (AP)—The Berlin radio said Monday that Allied bombers had raided Bucharest during the night.
ENDS 5-YEAR SIEGE OF CONSTIPATION!
"Now as Regular as Anyone!" Says H. C. Durand
Here's a sincere, unsolicited letter every disappointed "doser" will want to read:
"I'm 82 years old, and have been constipated over 5 years, going as much as 6 days without a movement. Pills and laxatives would relieve me only for the day I took them. Next day I'd be as bad as ever. Then I tried KELLOGG'S ALL-BRAN. Am now on my second box, and as regular as anyone could want, thanks to regular use of your wonderful product!"
Mr. H. C. Durand, 221 N. Columbus Ave., Freeport, Long Island, N. Y.
Sounds like "magic," doesn't it? Yet KELLOGG'S ALL-BRAN really can, and does, get at a common cause of constipation—lack of certain dietary "cellulose" elements! That's because it is one of Nature's most effective sources of these elements—which help the friendly colonic flora fluff up and prepare the colonic wastes for easy, natural elimination. KELLOGG'S ALL-BRAN is not a purgative! Doesn't work by "sweeping out"! It is simply a gentle-acting, "regulating" food!
If your constipation is of this type, eat KELLOGG'S ALL-BRAN or several ALL-BRAN muffins daily. Drink plenty of water. See if you don't find welcome relief! Insist on genuine ALL-BRAN, made only by Kellogg in Battle Creek.

J. M. Hinton, state president of the National Association for the Advancement of Colored People and chairman of the state Negro Citizens committee, said negroes would take part in the primary which is closed to all but "white Democrats" by the party's membership rules.

In Arkansas, the Senate's only woman member, Hattie Caraway, runs into opposition on her re-nomination by Rep. J. W. Fulbright, author of the "Lusting Peace" resolution in the U. S. House; Governor Homer Adkins; oil man T. H. Barton of El Dorado, and J. Roscoe Venable of Little Rock.

Negro sources reported that qualified negroes are prepared to vote in all Arkansas counties. But Secretary Harry G. Combs of the Democratic State committee said he doubted that many could qualify under a new rule requiring a showing of party loyalty. Negroes voted in Texas Democratic primary Saturday.

War Materials Lost In Four Alarm Fire

Philadelphia, July 25 (AP)—A four alarm fire swept the 12-acre Keystone Brick company yesterday, destroying large quantities of war materials and threatening for a time the nearby 1,000-unit Oxford housing project and the naval supply depot.

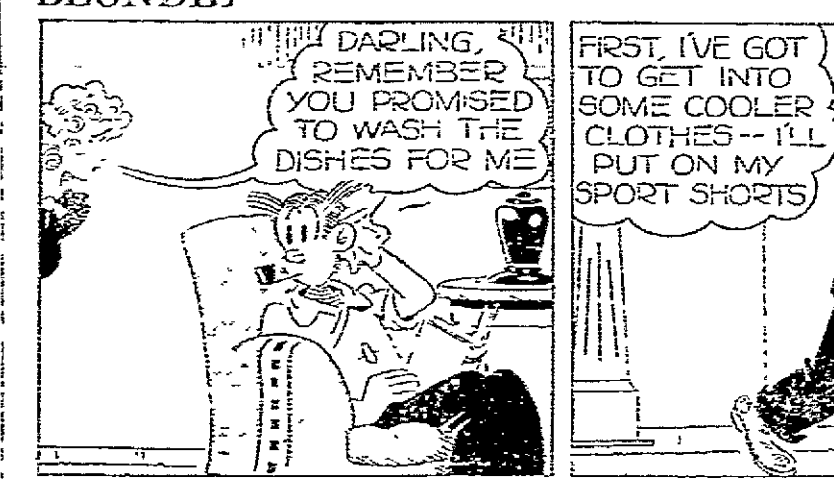

Four buildings were destroyed by flames which spread rapidly through the old wood and brick buildings. Edward Kelley, president of the company, said he could not estimate the damage but said the loss "was covered by insurance. Cause of the blaze was not immediately determined."

Service Personnel Big Bond Buyers

Philadelphia, July 25 (AP)—Members of the armed forces bought \$3,200,000 of the \$3,300,000 worth of war bonds covered in the latest report of Pennsylvania's Fifth War loan drive given Monday by G. Rudolph Rehmman, Jr., committee chairman.

Latest state totals were: Individuals, \$374,100,000, or 84.6 per cent; Series E Bonds, \$171,000,000, or 76.3 per cent; Corporations, \$815,200,000, or 127.4 per cent.

POPEYE

Chapter 21
The SS Omaha, named for a gallant ship and loved by its patrons as a small night club which had been more or less "made" by workers in defense plants located around Brooklyn. Beyond the name, it had no resemblance to things nautical.

Louise in the sapphire dress, with her hair down and the short strands tucked into a becoming "top-knot," thought it was wonderful. Dick Stanley had asked her a week ago to have dinner with him, on her next night off, at the SS Omaha, where Angel was singing.

She looked up to see that Dick was smiling at her. He had said something, and she hadn't even heard. "I'm sorry," she exclaimed a little self-consciously. "You were saying—"

"I said, beautiful—take. I think—will you have a cocktail before we eat? You don't get out often—so seldom that it's really a celebration."

"I'm a little drunk with just being here," she answered, her eyes sparkling.

"A little light Daquiri, then," he suggested. "And what shall we eat? How about a steak? They've got it tonight—not chopped into a hamburger—and not black market, either."

"Medium, please," said Louise. "The very thought of steak does pleasant things to me."

A few minutes later Angel dragged over to their table, beautiful in shimmering black tulle. She wore a cluster of white jessamine in her shining dark hair, her makeup was perfect, and altogether the effect was breath-taking.

Dick rose at once. "Sit down, gorgeous, and rest your throat until your turn. Right now you're a picture—a collector's item. I might even say."

Angel didn't bother to acknowledge the homage. She was frankly pouting and dissatisfied. It was early, and the crowd who came to dance and drink hadn't yet arrived. Even when they came, it would be the same old story. They would come in droves, and there would be a lot of shouting from table to table and good-natured gates floating about. Of course, it was harmless enough—but it was just so damn common. Why did she have to sing in a place like this anyhow? She'd never get anywhere singing for these people. She sat down at the table, however, and accepted Dick's invitation to join them for a cocktail.

They were sipping their drinks when Steve Turco and Bob Grant, the orchestra leader who had entertained at the Rarid plant the day Angel sang there, came into the club. Seeing Dick, they came over for a minute and stopped at his table. When the greetings were over, Angel smiled at Steve Turco and looked, without interest, at Grant. He had been a little abrupt with her that day at the plant, and she hadn't forgotten it. Besides, he was small-time. She couldn't resist saying:

"I thought you were so terribly busy with your evening engagements."

"Yes," Dick went on when Angel had finished her song. "It's happening to women all over the world—and somehow they've had to go on. They weren't all married to war heroes either—that is, in the accepted sense of the word. Some of their husbands didn't live long enough to become heroes. A lot of them were just GI guys who happened to collide with a Nazi or Jap bullet in the ordinary routine of life in a foxhole—just names on a casualty list. I see a lot of these wives as I go about my work, and they're taking it with their chips up. Angel isn't the only one to be pitied. In fact—"

Dick did not continue the subject. He studied Louise speculatively. Her profile was still turned toward him, her lips slightly parted, her chin tilted a little. "Why," she thought, "he thought, 'She's even more beautiful than Angel. But I can't quite figure her out.'"

British Raid Tiny Island Off Turkey

Cairo, July 25 (AP)—British Commandos raided Sini, a tiny island off the Turkish coast north of Rhodes and have accounted for the entire garrison of German and Italian troops.

The strike was made by night on July 13-14. Fifteen German and Italian soldiers were killed, and more than 150 captured. An official announcement issued yesterday said all military installations and equipment on the island were destroyed before the raiders escaped "with very slight losses."

Five Youths Held For Stealing Car

Philadelphia, July 25 (AP)—Five boys who were quoted by detectives as saying they "borrowed" an automobile at Catasauqua, in order to come here to enlist in the Navy, were held Monday for Catasauqua authorities after they were taken into custody at a parking lot.

Detectives said papers in the car indicated it belonged to A. E. Douglas, of Catasauqua, who had reported his car was stolen.

Four 17-year-old boys, who identified themselves as George Poluda, Richard Moyer and Paul Dillinger, of Catasauqua, and Michael Balock, of Northampton, were taken to juvenile court, while a boy who said he was Paul Harvey, 14, of Catasauqua, was held in the house of detention.

The above prices are based on grain-fed hogs. Occasionally price premiums are paid for thorough billed rail consignments that are purchased for shipment, but such transactions are not listed in the above quotations.

SHEEP—Fat spring lambs and slaughter hogs were active and steady with last week's close. The practical top and popular price held at \$14.50. Strictly good and choice spring lambs 10 lbs. and up, sold from \$14—14.50. Common and medium arrivals cashed from \$9—12 and culls sold downward to \$5. Fat spring slaughter hogs brought \$6 with cull offerings down to \$2.

War Materials Lost In Four-Alarm Fire

Philadelphia, July 25 (AP)—A four alarm fire swept the 12-acre Keystone Brick company yesterday, destroying large quantities of war materials and threatening for a time the nearby 1,000-unit Oxford housing project and the naval supply depot.

Four buildings were destroyed by flames which spread rapidly through the old wood and brick buildings. Edward Kelley, president of the company, said he could not estimate the damage but said the loss was covered by insurance. Cause of the blaze was not immediately determined.

Service Personnel Big Bond Buyers

Philadelphia, July 25 (AP)—Members of the armed forces bought \$3,200,000 of the \$3,600,000 worth of war bonds covered in the latest report of Pennsylvania's Fifth War loan drive given Monday by G. R. Leland Rebmann, Jr., committee chairman.

Latest state totals were: Individuals, \$374,100,000, or 84.6 per cent of quota; Series E Bonds, \$171,000,000 or 76.3 per cent; Corporations, \$815,200,000, or 127.4 per cent. "E Bond Mop-Up Days" are being held tomorrow and Wednesday in many Pennsylvania communities in an effort to put that quota over the top.

Chapter 21

The SS Omaha, named for a gallant ship and loved by its patrons was a small night club which had been more or less "made" by workers in defense plants located around Brooklyn. Beyond the name, it had no resemblance to things nautical.

Louise in the sapphire dress, with her hair down and the short strands tucked into a becoming top-knot, thought it was wonderful. Dick Stanley had asked her a week ago to have dinner with him, on her next night off, at the SS Omaha, where Angel was singing.

She looked up to see that Dick was smiling at her. He had said something, and she hadn't even heard. "I—I'm sorry," she exclaimed a little self-consciously. "You were saying—"

"I said, beautiful—twice. I think—will you have a cocktail before we eat? You don't get out often—so seldom that this is really a celebration."

"I'm a little drunk with just being here," she answered, her eyes sparkling.

"A little light Daiquiri, then," he suggested. "And what shall we eat? How about a steak? They've got it tonight—not chopped into a hamburger and not black market either."

"Medium, please," said Louise. "The very thought of steak does pleasant things to me."

A few minutes later Angel drifted over to their table, beautiful in shimmering black taffeta. She wore a cluster of white jessamine in her shining dark hair, her makeup was perfect, and altogether the effect was breath-taking.

Dick rose at once. "Sit down, gorgeous, and rest your throat until your turn. Right now you're a picture—a collector's item. I might even say—"

Angel didn't bother to acknowledge the homage. She was frankly pouting and dissatisfied. It was early, and the crowd who came to dance and drink hadn't yet arrived. Even when they came, it would be the same old story. They would come in droves, and there would be a lot of shouting from table to table and good-natured gibes floating about. Of course, it was harmless enough—but it was just so darn common. Why did she have to sing in a place like this anyhow? She'd never get anywhere singing for these people. She sat down at the table, however, and accepted Dick's invitation to join them for a cocktail.

They were sipping their drinks when Steve Turcot and Bob Grant, the orchestra leader who had entertained at the Rand plant the day Angel sang there, came into the club. Seeing Dick, they came over for a minute and stopped at his table. When the greetings were over, Angel smiled at Steve Turcot and looked, without interest, at Grant. He had been a little abrupt with her that day at the plant, and she hadn't forgotten it. Besides, he was small-time. She couldn't resist saying:

"I thought you were so terribly busy with your evening engage-

ments, maestro. What happened? Did you lose one of your many jobs?"

Grant laughed, unsmiling. "No, Mrs. Saunders. But even a hard-working orchestra leader gets an occasional night off. We open two days from now in a Manhattan hotel. And is this rest welcome?"

Angel frowned. It seemed that everybody else got breaks—even a second-string orchestra leader—while she, a war hero's widow, had to struggle to get even a small spotlight. The more she thought about it, the more irritated she became.

She sang, for her first number, and very well too. "You'd Be So Nice To Come Home To." And there were few people in the room who doubted for one instant that Angelica Saunders herself would be more than nice to come home to.

Louise, her cocktail forgotten, watched her sister with pride, and said to Dick, her voice breaking a little, "It's terrible that Jimmie never came home to her. Poor Angel!"

Dick studied Louise's profile for a moment before he answered. "Yes," he said at last, "poor Angel." But this was a war we're in, Louise—and I sometimes think you and your mother treat Angel as if she were the only person a thing like that ever happened to."

Louise looked at him, a little startled, but made no attempt to reply.

"Yes," Dick went on when Angel had finished her song, "it's happening to women all over the world—and somehow they've had to go on. They weren't all married to war heroes either—that is, in the accepted sense of the word. Some of their husbands didn't live long enough to become heroes. A lot of them were just GI stiffs who happened to collide with a Nazi or Jap bullet in the ordinary routine of life in a foxhole—just names on a casualty list. I see a lot of these wives as I go about my work, and they're taking it with their chins up. Angel isn't the only one to be pitied. In fact—"

Dick did not continue the subject. He studied Louise speculatively. Her profile was still turned toward him, her lips slightly parted, her chin tilted a little. "Why, she's beautiful!" he thought. "She's even more beautiful than Angel. But I can't quite figure her out."

To be continued.

British Raid Tiny Island Off Turkey

Cairo, July 25 (AP)—British Commandos raided Simi, a tiny island off the Turkish coast north of Rhodes and have accounted for the entire garrison of German and Italian troops.

The strike was made by night on July 13-14. Fifteen German and Italian soldiers were killed, and more than 150 captured. An official announcement issued yesterday said all military installations and equipment on the island were destroyed before the raiders escaped "with very slight losses."

Five Youths Held For Stealing Car

Philadelphia, July 25 (AP)—Five boys who were quoted by detectives as saying they "borrowed" an automobile at Catasauqua, in order to come here to enlist in the Navy, were held Monday for Catasauqua authorities after they were taken into custody at a parking lot.

Detectives said papers in the car indicated it belonged to A. E. Douglas, of Catasauqua, who had reported his car was stolen.

Four 17-year-old boys, who identified themselves as George Paluda, Richard Moyer, and Paul Dillinger, of Catasauqua, and Michael Balock, of Northampton, were taken to juvenile court, while a boy who said he was Paul Harvey, 14, of Catasauqua, was held in the house of detention.

Three-Way Race On For Interstate Lead

(By The Associated Press)
A three-way race for second place in the interstate baseball league developed today among Allentown, York and Hagerstown.

With each tied at 43 games won, Allentown's Cardinals rested unsecurily in the No. 2 spot, a half game ahead of York's White Roses and a game and a half ahead of the Hagerstown Owls.

The Owls moved up within gunning range of second place last night after beating the White Roses 13 to 5, while Allentown dropped a 12-5 decision to Lancaster's Red Roses.

In the other interstate game, the league-leading Wilmington Blue Rocks uncoded a 15-hit attack against two Trenton pitchers to gain a 13-4 victory over the league-leading packers.

CARDS, BROWNS MAINTAIN FAST CLIP BY WINS

By JACK HAND
(Associated Press Sports Writer)
St. Louis was in a good spot today to start planning for that all-Sportsman's Park World Series.

The Cardinals were 13½ games out in front of the National league traveling at a pace that should clinch the flag by Labor Day. If the Red Birds don't falter they will win 110 games and crowd the all-time record set by Frank Chance's Chicago Cubs who won 110 in 1908. The best since then was the 110 taken by the Yankees in 1927.

Luke Sewell's Browns broke even in two important four-game series with Boston and New York and now entertain seventh and eighth place, Washington and Philadelphia while the Yanks and Red Sox tangle with the surging Cleveland Indians and Detroit Tigers.

While the Browns were hard pressed to split even with their closest contenders, Cleveland took seven of eight from the other eastern visitors and moved to within a half game of third place and within four and a half of the leaders.

Tribe Keeps Rolling

The Tribe steamrolled Washington, 10-1, yesterday as Ed "Specs" Kliehman stopped the Nats with four hits for his eighth victory. The Baltimore great has won his last four to justify Manager Lou Boudreau's action in taking him out of the bull pen. Mickey Rocco drove in five runs to help early Wynn blow his sixth straight and 13th of the year.

Denny Galehouse took Nels Potter's turn for St. Louis and whipped Boston, 6-5, although relief help from George Caster was needed when the Sox spurted for four in the eighth. Potter, suspended for 10 days after the "spit ball" incident, will not be available until July 31.

Ernie "Jumbo" Bonham scattered 10 Chicago hits while Johnny Lindell set the slugging pace with four hits in an 11-5 Yankees triumph over Buck Ross.

Trout Blanks A's

Dizzy Trout whitewashed Philadelphia, 1-0, for his 14th win to move Detroit back into the 500 circle at Bobo Newson's expense. Rudy York's double scored Roy Cramer to break the ice in the fourth.

Teddy Wilks, husky Cardinal rookie, continued his sensational success story by whipping Boston's Jim Tobin, 7-1, with the help of three successive doubles by Martin Marion.

Brooklyn had its biggest inning of the year, scoring nine times in the lucky seventh, including a two-run homer by Dixie Walker to rout Rip Sewell and defeat Pittsburgh, 12-7. Charley Fuchs recently acquired from the Browns, was credited with his first victory before 9,072, Brooklyn's smallest night crowd.

The New York Giants exploded on Claude Passeau for four runs in the eighth to pull out a 5-3 nod over Chicago with Phil Weintraub's double providing the tying and winning run for Rehefer Rube Piscener. Cincinnati and Philadelphia were rained out.

SPORTS ROUNDUP

By FRITZ HOWELL
(Pinch-hitting for Hugh Fullerton, Jr.)
New York, July 25 (AP)—A "tale of two bucks" is the midwest's current laugh-getter.

Milwaukee's Brewers, getting set for tomorrow's American association all-star game, erected 2,600 outfield seats to take care of the "all-for-charity" crowd which will see the loop-leaders meet the pick of the other seven clubs.

To aid the buildup, V. P. Mike Heath asked the other executives to mail pictures of their players for the all-star squad.

The laugh?
Oh! St. Paul sent in two photos—and with them a bill for \$2.

DO YOU KNOW DEPT.

No. 1—Which player went through 23 complete major league seasons and was never hit by a pitched ball?
No. 2—Which club is the "baby" member of the American league? (Answers at end of column—but no far peeking.)

QUICKIES

Food for thought: Bob Stedler of the Buffalo Evening News says that of the \$2,527,601 wagered during the Fort Erie (Ontario) race meeting, only \$1,971,529 was returned to the winning ticket holders. A total of \$556,072, or about 22 per cent, was deducted.

It's a man's world: Dorris Toler, Penn State's freshman miler, has asked the courts to change his first name to "Dick."

He's not kidding: Kenny Jones of the Peoria Journal-Transcript believes that "if you ask Joe Louis the toughest gent he ever faced, he'll answer 'Morgenthau'."

WHY NOT SIGN HIM?

The other day Center Fielder Paul Douglas helped extend a New Orleans losing streak by letting a fly ball get away for a triple—a ball manager Lafayette Fresco Thompson thought he should have caught in his hip pocket.

Two innings later, a pelican hoisted a foul into the stands, and a spectator leaped up to make a tasty catch. Thompson raced from the coaching line into the stands and wrung the spectator's hand.

"Nice catch, nice catch," he yelled. "Would you mind coming out early tomorrow and showing Douglas how you did it?"

TODAY'S JEST STAR

John P. Carmichael, Chicago Daily News Dizzy Dean as a broadcaster is tickling his listeners' ribs with this one: When a pitcher starts going haywire, either through wildness or throwing base hits, Dean chirps over the Mike: "You can stick a fork in him, folks—he's done."

RUMORS NIPPED AS DYKES SIGNS WITH WHITE SOX

By JERRY LISKA
Chicago, July 25 (AP)—Baseball's rumor-peddlers scurried for cover today as James J. (Jimmy) Dykes waved the ink dry on a new contract extending his managership of the Chicago White Sox through 1945 and 1946.

The two-year renewal of Dykes' present three-year agreement which ends this season was announced last night by Mrs. Grace Comiskey, club president, to newspapermen in Jim's presence. Dykes had signed the new contract an hour before a nocturnal game between the Sox and New York Yankees.

The action nipped a swelling flow of rumors that the colorful, 47-year-old Dykes was about to part ways with the club he had managed since May 9, 1934—an 11-season span that is far and away the longevity record for a pale hose pilot.

No "Cut" for Jimmy
Grapevine reports had Jim eyeing three National league clubs—Brooklyn, Pittsburgh and Philadelphia. The most persistent rumor was that Dykes, a native of Philadelphia, and once an infield fixture of Connie Mack's Athletics, would go to the Phillies, now freshened by DuPont cast.

Those whisperings grew louder after the feeble showing made by the Sox on their last road trip. Strutting eastward in second place, Dykes' charges dropped 14 games in 20 starts and scraggled back to Comiskey Park a cellar candidate.

Mrs. Comiskey was mum on terms but smilingly told sports writers Dykes "did not take a cut" in his new agreement which means he'll be getting around \$27,500 a year, reportedly his present salary.

Hornell Pirates Win Over Lockport In 17th

Buffalo, N. Y., July 25 (AP)—The Hornell Pirates and the Lockport Cubs staged a Pony league endurance contest last night which ended when the Pirates scored one run in the 17th inning to defeat the league leading club 9-8. The elongated match was the second on a twin bill.

In the opener a single tally secured in the eighth of what was a scheduled seven-inning match, gave Lockport a 1-0 victory. It was the 16th win for pitcher Phil Poole who returned to the mound for the last part of the second game.

The Batavia Clippers overcame the Wellsville Yankees, 3-1, in one big inning. With the score tied 1-1, the Clippers opened the sixth with a homer and went on to add three more or three singles a double, a triple, a stolen base and an error.

Ten hits by Olen batters gave the Oleners a 4-0 win over the Jamestown Falcons.

Greyhounds Card Nine Grid Games

GITE MSPADEN NELSON RIVALRY

Chicago, July 25 (AP)—The most intense competitive rivalry in golf is found in the stroke-by-stroke record this season of Harold "Jug" McSpaden and Byron Nelson. Their remarkable scoring has given them the strongest monopoly on titles in the game's modern history.

In 52 rounds of tournament play, only five strokes separate the two pros—Nelson with a total of 3,613 and McSpaden with 3,618.

Nelson has clipped 94 strokes off par to average 69.50 per round. McSpaden has beaten par by 89 strokes for a 69.37 average. Out of their reach, however, is the coveted Harry Vardon memorial trophy for low scoring, which has been retired for the duration.

Nelson's poorest 72-hole aggregate was a five-over-par 289 last sixth place in the Philadelphia Inquirer invitational last month. Jug's worst showing was 238 for fifth place in the same meet. McSpaden was 17 under par with a record-breaking 271 to win the Utah open Sunday—his best record of the season. Nelson was second with a 15-under-par 270—also his best this year.

But which of the two mightily desecrated to be known as the No. 1 golfer of the year? They still have four major tournaments to go on the summer circuit—richest in golf history—the National PGA at the Tam O'Shanter and the Nashville, Tenn., and Dallas, Tex., opens

Balance your family's menus with good HOME CANNED FOODS

Here's how to make your family healthier, stretch your ration points and cut your food budget. Do plenty of home canning this summer and fall while the markets are brimming with fresh fruits and vegetables.

Next winter, some foods will be hard to get because of the needs of our armed forces and allies. Yet for good health, every member of your family needs at least two fruits and two vegetables a day . . . 90 quarts per person a year.

Home canning is easy to carry through—especially when you have a dependable, flexible Gas range. If you have any questions, just call on the Home Service Department of your Gas company, for sound advice.

Nothing keeps a family happier than a variety of foods . . . so let your Gas range help you can them while they're plentiful! And for best results—watch these musts:

1. Jars should be tested for a perfect seal and thoroughly washed in soapy hot water, then boiled in clear water for at least 15 minutes.
2. Examine jars and covers for cracks, nicks and dents. Do not use imperfect jars or lids.
3. Be sure to expel air with a knife blade. Do not fill jars too full—allow space for boiling. Fill sterilized jars to within 1/2 inch of top for fruits, 1 inch for vegetables.
4. Wipe top of rubber ring of seeds, pulp or syrup.
5. Cool all jars upright to assure perfect seals. Avoid kitchen drafts. Set to cool on surface with several thicknesses of cloth.
6. Follow canning directions carefully—this is most important.

You can still secure a copy of "Home Canning," a booklet that will see you through any canning situation . . . just write or visit your Gas Company office.

CARDS, BROWNS MAINTAIN FAST CLIP BY WINS

By JACK HAND
(Associated Press Sports Writer)

St. Louis was in a good spot today to start planning for that all-Sportsman's Park World Series.

The Cardinals were 13½ games out in front of the National league traveling at a pace that should clinch the flag by Labor Day. If the Red Birds don't falter they will win 110 games and crowd the all-time record set by Frank Chance's Chicago Cubs who won 116 in 1906.

The best since then was the 110 taken by the Yankees in 1927.

Luke Sewell's Brownies broke even in two important four-game series with Boston and New York and now entertain seventh and eighth place Washington and Philadelphia while the Yanks and Red Sox tangle with the surging Cleveland Indians and Detroit Tigers.

While the Brownies were hard pressed to split even with their closest contenders, Cleveland took seven of eight from the other eastern visitors and moved to within a half game of third place and within four and a half of the leaders.

Tribe Keeps Rolling
The Tribe steamrolled Washington, 10-1, yesterday as Ed "Specs" Kileman stopped the Nats with four hits for his eighth victory. The Baltimore grad has won his last four to justify Manager Lou Boudreau's action in taking him out of the bull pen. Mickey Rocco drove in five runs to help early Wynn blow his sixth straight and 13th of the year.

Denny Galehouse took Nels Potter's turn for St. Louis and whipped Boston, 6-5, although relief help from George Caster was needed when the Sox spurted for four in the eighth. Potter, suspended for 10 days after the "spit ball" incident, will not be available until July 31.

Ernie "Jumbo" Bonham scattered 10 Chicago hits while Johnny Lindell set the slugging pace with four hits in an 11-5 Yankees triumph over Buck Ross.

Trout Blanks A's
Dizzy Trout whitewashed Philadelphia, 1-0, for his 14th win to move Detroit back into the 500 circle at Bobo Newsum's expense. Rudy York's double scored Rog Cramer to break the ice in the fourth.

Teddy Wilks, husky Cardinal rookie, continued his sensational success story by whipping Boston's Jim Tobin, 7-1, with the help of three successive doubles by Martin Marion.

Brooklyn had its biggest inning of the year, scoring nine times in the lucky seventh, including a two-run homer by Dixie Walker, to rout Rip Sewell and defeat Pittsburgh, 12-7. Charley Fuchs, recently acquired from the Browns, was credited with his first victory before 9,072, Brooklyn's smallest night crowd.

The New York Giants exploded on Claude Passeau for four runs in the eighth to pull out a 5-3 nod over Chicago with Phil Weintraub's double providing the tying and winning run for Reliefor Rube Fischer.

Cincinnati and Philadelphia were rained out.

Hornell Pirates Win Over Lockport In 17th

Buffalo, N. Y., July 25 (AP)—The Hornell Pirates and the Lockport Cubs staged a Pony league endurance contest last night which ended when the Pirates scored one run in the 17th inning to defeat the league leading club 9-8. The elongated match was the second on a twin bill.

In the opener a single tally, scored in the eighth of what was a scheduled seven-inning match, gave Lockport a 1-0 victory. It was the 16th win for pitcher Phil Poole who returned to the mound for the last part of the second game.

The Batavia Clippers overcame the Wellsville Yankees, 5-1, in one big inning. With the score tied 1-1, the Clippers opened the sixth with a homer, and went on to add three more on three singles, a double, a triple, a stolen base and an error.

Ten hits by Olean batters gave the Oilers a 4-0 win over the Jamestown Falcons.

Greyhounds Card Nine Grid Games

The Shippensburg Greyhounds will play a nine game schedule this fall, which is four more than last season. Five of the South Penn teams have been carded. Waynesboro and Hanover are missing.

Dave Day will coach and Ray Cable will be the assistant. Cable was head coach last season when the Greyhounds won three out of five.

The 1944 schedule:

Sept. 22—Gettysburg Y2B fire

Sept. 22—Gettysburg, away

(night).

Sept. 30—Chambersburg, away.

Oct. 7—Hershey Industrial, at home.

Oct. 13—Carlisle, away (night).

Oct. 21—Scotland, home.

Oct. 28—Carson Long of New Bloomfield, home.

Nov. 3—Mechanicsburg, away (night).

Nov. 11—Delone Catholic of McSherrystown, away.

Nov. 18—Hershey, home.

SPORTS ROUNDUP

By FRITZ HOWELL
(Pinch-hitting for Hugh Fullerton, Jr.)

New York, July 25 (AP)—A "Tale of two bucks" is the Midwest's current laugh-getter.

Milwaukee's Brewers, getting set for tomorrow's American association all-star game, erected 2,000 outfield seats to take care of the "all-for-charity" crowd which will see the loop-leaders meet the pick of the other seven clubs.

To aid the buildup, V. P. Mike Heath asked the other executives to mail pictures of their players for the all-star squad.

The laugh?
Oh! St. Paul sent in two photos—and with them a bill for \$2.

DO YOU KNOW DEPT.

No. 1—What player went through 23 complete major league seasons and was never hit by a pitched ball?

No. 2—Which club is the "baby" member of the American league?

(Answers at end of column—but no fair peeking.)

QUICKIES

Food for thought: Bob Stedler of the Buffalo Evening News says that of the \$2,527,601 wagered during the Fort Erie (Ontario) race meeting, only \$1,971,529 was returned to the winning ticket holders. A total of \$556,072, or about 22 per cent, was deducted.

It's a man's world: Dorris Toler, Penn State's freshman miler, has asked the courts to change his first name to "Dick."

He's not kidding: Kenny Jones of the Peoria Journal-Transcript believes that "if you ask Joe Louis the toughest gent he ever faced, he'll answer 'Morgenthau'."

WHY NOT SIGN HIM?

The other day Center Fielder Paul Douglas helped extend a New Orleans losing streak by letting a fly ball get away for a triple—a ball manager Lafayette Presco Thompson thought he should have caught in his hip pocket.

Two innings later, a pelican hoisted a foul into the stands, and a spectator leaped up to make a tasty catch. Thompson raced from the coaching line into the stands and wrung the spectator's hand.

"Nice catch, nice catch," he yelled. "Would you mind coming out early tomorrow and showing Douglas how you did it?"

TODAY'S BEST STAR

John P. Carmichael, Chicago Daily News: Dizzy Dean as a broadcaster is tickling his listeners' ribs with this one: When a pitcher starts going haywire, either through wildness or throwing base hits, Dean chirps over the Mike: "You can stick a fork in him, folks—he's done."

CITE M'SPADEN NELSON RIVALRY

Chicago, July 25 (AP)—The most intense competitive rivalry in golf is found in the stroke-by-stroke record this season of Harold "Jug" McSpaden and Byron Nelson. Their remarkable scoring has given them the strongest monopoly on titles in the game's modern history.

In 52 rounds of tournament play, only five strokes separate the two pros—Nelson with a total of 3,613 and McSpaden with 3,618.

Nelson has clipped 94 strokes off par to average 69.50 per round; McSpaden has beaten par by 89 strokes for a 69.57 average. Out of their reach, however, is the coveted Harry Vardon memorial trophy for low scoring, which has been retired for the duration.

Nelson's poorest 72-hole aggregate was a five-over-par 289 for sixth place in the Philadelphia Inquirer invitational last month. Jug's worst showing was 288 for fifth place in the same meet. McSpaden was 17 under par with a record-breaking 271 to win the Utah open Sunday—his best record of the season. Nelson was second with a 15-under-par 273—also his best this year.

But which of the two rightly deserves to be known as the No. 1 golfer of the year? They still have four major tournaments to go on the summer circuit—richest in golf history—the National PGA, the Tam O'Shanter and the Nashville, Tenn., and Dallas, Tex., opens.

RUMORS NIPPED AS DYKES SIGNS WITH WHITE SOX

By JERRY LISKA
Chicago, July 25 (AP)—Baseball's rumor-peddlers scurried for cover today as James J. (Jimmie) Dykes waved the ink dry on a new contract extending his managership of the Chicago White Sox through 1945 and 1946.

The two-year renewal of Dykes' present three-year agreement which ends this season was announced last night by Mrs. Grace Comiskey, club president, to newspapermen in Jim's presence. Dykes had signed the new contract an hour before a nocturnal game between the Sox and New York Yankees.

The action nipped a swelling flow of rumors that the colorful, 47-year-old Dykes was about to part ways with the club he had managed since May 9, 1934—an 11-season span that is far and away the longevity record for a pale hose pilot.

No "Cut" for Jimmy
Grapevine reports had Jim eyeing three National league clubs—Brooklyn, Pittsburgh and Philadelphia. The most persistent rumor was that Dykes, a native of Philadelphia, and once an infield fixture of Connie Mack's Athletics, would go to the Phillies, now freshened by DuPont cast.

Those whisperings grew louder after the feeble showing made by the Sox on their last road trip. Strutting eastward in second place, Dykes' charges dropped 14 games in 20 starts and straggled back to Comiskey Park a cellar candidate.

Mrs. Comiskey was mum on terms but smilingly told sports writers Dykes "did not take a cut" in his new agreement which means he'll be getting around \$27,500 a year, reportedly his present salary.

Close Contests In Eastern Loop

(By The Associated Press)
Close contests featured Eastern league competition last night all three games being decided by one-run margins. Two of the struggles went 10 innings.

The extra-frame affairs saw the Williamsport Grays edge the Binghamton Triplets 6 to 5, and the Albany Senators nose out the Scranton Red Sox 5 to 4.

The league leading Hartford Laurels stopped the Wilkes-Barre Barons, 6 to 5. A scheduled contest between the Utica Blue Sox and the Elmira Pioneers was rained out.

Suspension of Scranton Manager Heinie Manush was lifted by league president Tommy Richardson shortly before game time. The suspension, earlier in the day, had followed failure of Manush to pay a \$50 fine assessed on charges of "using vile language" and "conduct unbecoming a professional ballplayer" July 18. The lifting of the suspension followed payment of the fine.

Balance your family's menus with good HOME CANNED FOODS

Here's how to make your family healthier, stretch your ration points and cut your food budget. Do plenty of home canning this summer and fall while the markets are brimming with fresh fruits and vegetables.

Next winter, some foods will be hard to get because of the needs of our armed forces and allies. Yet for good health, every member of your family needs at least two

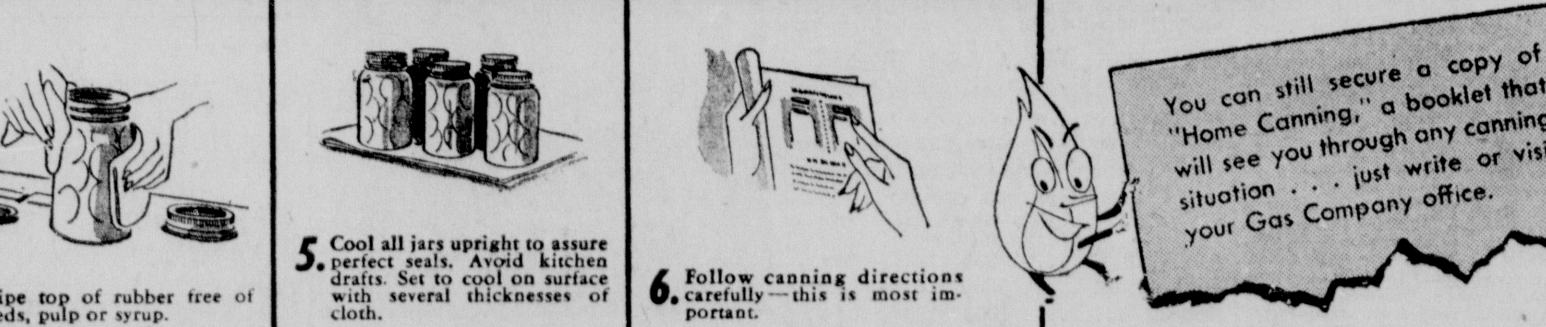

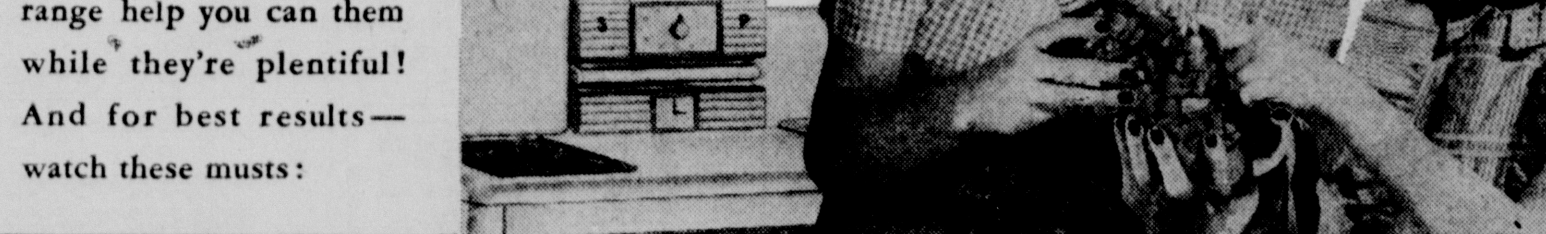

fruits and two vegetables a day . . . 90 quarts per person a year.

Home canning is easy to carry through—especially when you have a dependable, flexible Gas range. If you have

any questions, just call on the Home Service Department of your Gas company, for sound advice.

Nothing keeps a family happier than a variety of foods . . . so let your Gas range help you can them while they're plentiful!

And for best results—watch these musts:
